

APPOINTMENT OF  
A CONSULTANT ANAESTHETIST  
WITH AN INTEREST IN CRITICAL  
CARE  
JOB DESCRIPTION  
AUGUST 2020

## INTRODUCTION

### The Role

We are looking for an enthusiastic, highly driven Consultant Anaesthetist with a passion for critical care to join our expert and energetic team.

Candidates for this role must have GMC registration and recent experience within the NHS.

### The Department

We have a progressive and dedicated team in which you will have the opportunity to develop. Several consultants have regional or national responsibilities; we have an FICM board member, regional clinical lead for organ donation, AAGBI board member, and Training school programme director.

We currently have two vibrant hospital sites each with a varied range of services available. Our hospitals are brimming with exemplary teams of hardworking individuals. Both Hospitals will be further enhanced in the future due to a significant investment that will see the creation of one acute hospital site (The Royal Shrewsbury Hospital) which will include a 30 bed Critical Care Unit and one planned care hospital site (The Princess Royal Hospital) for most elective surgery. The successful candidate will be able to actively contribute to the redevelopment of the service.

The Royal Shrewsbury Hospital has 14 physical Critical Care beds. These can be used flexibly to accommodate level 2 and level 3 patients to a dependency of 8.0. The Princess Royal Hospital currently has 11 physical bed spaces across Critical Care that can be used flexibly to accommodate level 2 and level 3 patients to a dependency of 6.0.

The successful applicant will cover Critical Care at both hospitals, as do consultant colleagues. Theatre sessions may be based at The Royal Shrewsbury Hospital and The Princess Royal Hospital depending upon your special interest.

There are currently 9 Critical Care Consultants based at The Royal Shrewsbury Hospital. We also have 2 Critical Care Consultants working primarily at The Princess Royal Hospital. On call commitments are based at the Royal Shrewsbury Hospital on a 1 in 9 basis.

We are in the process of redeveloping our service to enable a 1 in 10 rota at The Royal Shrewsbury Hospital and full 7-day cover for The Princess Royal Hospital and we invite you to play an active role in this.

The post is full time and will consist of 10 PAs plus the opportunity to take up further clinical activity. Part time, job share and flexible working applications will be given full consideration.

There are currently 2.5 SPAs allocated for supporting professional activities, 1 of which is for revalidation.

## The Anaesthetic Department

### The Royal Shrewsbury Hospital

The Royal Shrewsbury Hospital has 9 operating theatres close to the Critical care unit. The majority of the theatre workload is general, colorectal, upper GI/Bariatric, urological, vascular, and trauma orthopaedic surgery with smaller numbers of ENT, ophthalmic, gynaecological and max fax surgery undertaken

### Areas of Special Interest

There are 19 Consultant Anaesthetists currently at the Royal Shrewsbury Hospital

Dr Chris Mowatt	Clinical Director for Critical Care and Anaesthetics, Interest in Intensive Care and enhanced recovery, LNC Representative, Elected board member of the Association of Anaesthetists
Dr James Moon	Clinical Lead for intensive care, Interest in Intensive care, vascular anaesthesia and CPEX
Dr Fiona Jutsum	Interest in Intensive care, vascular and colorectal anaesthesia
Dr Alistair Windsor	Interest in Intensive care, CPEX, and vascular anaesthesia
Dr Ashley Miller	Interest in Intensive Care, Trust lead for organ donation, Elected ICS council member, Chair of CUSIC committee, Co-chair of FUSIC committee
Dr Mike Dixon	Interest in Intensive Care
Dr Rob Law	Interest in Intensive care and CPEX
Dr Stuart Booth	Interest in Intensive Care and ITU Governance
Dr Lorien Branfield	Lead for Obstetric anaesthesia, Human Factors, medical education and simulation
Dr David Elcock	Interest in colorectal anaesthesia
Dr Gordon Kulemaka	IT Clinical Lead / Rota master, Interest in colorectal anaesthesia
Dr Karuna Ferdinand	Interest in Vascular and Paediatric anaesthesia
Dr Simon Leach	Interest in colorectal anaesthesia, pre op assessment and equipment College Tutor
Dr Paul Jones	Keele University Tutor, TPD for simulation training
Dr Robin Hollands	Trauma Lead
Dr Louise Sykes	Interest in bariatric and colorectal anaesthesia
Dr Chris De Klerk	Training Programme Director for Stoke School of Anaesthesia, Interest in obstetric anaesthesia
Dr Hany Shawkat	Lead for acute pain. Interest in Bariatric, urological and colorectal anaesthesia
Dr Andreas Zafiroopoulos	Interest in Vascular Anaesthesia and pre op assessment

Other staff members of the Anaesthetic Department at RSH are:

Associate Specialist	1.0 WTE
Staff Grade Doctors	2.5 WTE
Speciality Doctors	2.0 WTE
Full time secretaries	1.5 WTE

Specialist trainees (Y3 to 6) - on rotation from Stoke-on-Trent School of Anaesthesia 5 WTE

Specialist trainees (Y1 and 2) - a rotation exists between Shrewsbury, Telford and Wolverhampton 8 WTE

A well-established outreach critical care team – 1 WTE

### On-call

There are 3 tiers of on-call anaesthetic cover:

- The first on-call is provided by the CT&ST 1&2s (full shift pattern)
- The second on-call is provided by the ST3+ and by two Trust Grade Doctors (full shift pattern)
- The third on-call cover is provided by Consultants on two separate rotas
  - One covering emergency theatres (1 in 10 rota)
  - One covering ITU (1 in 9 rota)

Currently there are Emergency departments and Critical Care units at both the Royal Shrewsbury Hospital and the Princess Royal Hospital. The acute medical and orthopaedic admissions are split between both hospitals.

## Princess Royal Hospital

Subspecialty interests for theatre sessions may be accommodated in various specialities provided at the Princess Royal Hospital.

There are 8 operating theatres which provide orthopaedic, ENT, maxillo-facial, breast, gynaecological and paediatric surgery.

### **Current PRH Consultant Anaesthetists and their Areas of Special Interest**

There are 15 Consultant Anaesthetists currently at the Princess Royal Hospital

#### Areas of Special Interest

Dr Simon Hester	Clinical Lead for Critical Care
Dr Omu Davies	Interest in Intensive care, Clinical Governance Lead
Dr Roger Slater	Interest in Intensive care
Dr Jane Wright	Clinical Lead for Anaesthetics, Appraisal Lead, Lead for Neck of Femur Pathway, Lead for Resuscitation
Dr Shelly Jurai	Rota Coordinator
Dr Saiprasad Annadurai	College Tutor and Lead for Paediatrics
Dr Gauri Dashputre	Pre assessment Lead and Obstetrics
Dr Asis Behura	General anaesthesia
Dr Vivek Eli	General and Obstetric anaesthesia
Dr Sudheer Jillella	General and Head and Neck
Dr Uttam Bhandari	Obstetric anaesthesia

Other staff members of the Anaesthetic Department at PRH are:

Associate Specialists	2.0 WTE
Specialty Doctors	5.0 WTE
Trust Doctors	3.0 WTE
Full time Secretaries	1.0 WTE

Specialist Trainees ST 3-7 - on rotation from Stoke-on-Trent School of Anaesthesia – 2 WTE

Specialist Trainees CT 1-2 and ACCS – 4 WTE

The Princess Royal Hospital includes Medical, Orthopaedic and Trauma, Gynaecology and Paediatric wards, the Consultant Maternity unit, a Day Surgical and Ambulatory Care Unit, Accident and Emergency Department, Critical Care Unit and Coronary Care Unit.

## The Critical Care Units

At the Royal Shrewsbury Hospital the Critical Care Unit currently has 14 beds (Total dependency of 8). Eight Consultants provide day and night cover.

At the Princess Royal Hospital there are 11 critical care beds (total dependency of 6). Three Consultant Anaesthetists provide daytime Critical Care cover.

Both hospitals have easier access to the other's critical care beds should the need for overspill arise. There is hospital specific Consultant cover both day and night.

There is an outreach service on the general wards run very successfully by intensive care trained nurses. The Trust is the development site for vitalPAC, an electronic Early Warning System that has won numerous innovation awards, adopting it enthusiastically some years ago as only one of two Trusts in the Country at that time. Many new features are being integrated into the system to improve patient ward safety. All Junior Doctors and many nurses at Shrewsbury participate in a "deteriorating patient Simulation course" in our bespoke dedicated simulation lab.

## Critical care profile 2018 to 2019

Over the last year there were 972 admissions across both sites. The Royal Shrewsbury admitted 607 and The Princess Royal, 365.

Approximately one third of patients across the trust require invasive ventilation.

The majority of elective surgical admissions take place at the Royal Shrewsbury Hospital.

The combined units have an SMR below the national average based on their 2018-19 ICNARC database figures.

There is an outreach service on the general wards run very successfully by intensive care trained nurses. The Trust is the development site for vitalPAC, an electronic Early Warning System that has won numerous innovation awards. We adopted it enthusiastically some years ago as only one of two Trusts in the Country. Many new features are being integrated into the system to improve patient ward safety. The Critical Care team also run an 'ALERT' training package (Acute Life-threatening Emergency Recognition and Treatment) for all junior Doctors and Nurses at Shrewsbury.

Head injured adults needing Surgery or admission to a Neurosurgical unit are generally transferred to Stoke on Trent's Neurosurgical Unit or to the University Hospital in Birmingham. Paediatric patients requiring intensive care are transferred to PICUs in Stoke on Trent or Birmingham. The Emergency Department is a designated Trauma Unit. Major Trauma patients may pass through the unit en-route to Regional Trauma Centres. The Critical Care Unit provides support to the Emergency Department, including facilitation of transfers.

A newly established acute pain service runs across both hospitals with the recent appointment of two specialist nurses led by a Consultant Anaesthetist.

Both the Princess Royal Hospital and Royal Shrewsbury Hospital can deliver both haemodialysis and haemofiltration.

A typical job plan is illustrated below. Theatre days are negotiable.

Wk	Monday	Tuesday	Wed	Thursday	Friday	Saturday	Sunday

### Provisional Job Plan

Direct Clinical Care 7.5 PA on average per week of which 1.9 is currently allocated for on call.

*(Clinical activity, clinically related activity, predictable and unpredictable emergency work)*

*On call approximately 1:9 weekdays and weekends.*

Supporting Professional Activities 2.5 PA on average per week

*(Includes CPD, audit, teaching, and research. It is expected that 0.5 P.A. will be taken flexibly)*

Total = 10PAs

## Overall Responsibility Of The Post

The Consultant members of the Critical Care Unit and Anaesthetic Department are responsible to the Medical Director, Dr Arne Rose. All Consultants are expected to provide support to trainees and actively contribute to training and continuity of service at a senior level.

## Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest of a successful applicant.

## Education & Teaching

There are thriving postgraduate centres at both Hospitals. The Shropshire Education & Conference Centre at the Royal Shrewsbury Hospital enhances the already excellent reputation of the Hospital for training junior staff, supporting seniors and continued professional development. Alongside this we have the Education Centre at the Princess Royal Hospital which accommodating a wide range of teaching.

The Trust has a dedicated Continuing Professional Development budget allowing Consultants to pursue CPD requirements. Participation in Audit and Clinical Governance is actively encouraged.

In August 2007 the Trust became a Teaching Hospital for medical students in conjunction with Keele University Medical School. New teaching and residential accommodation is provided at the Royal Shrewsbury Hospital. The Hospitals are involved in teaching year 4 and 5 students and also acts as a base for those students participating in their community module.

## Teaching Of Trainees And Undergraduates

Teaching for the Anaesthetic trainees is currently undertaken jointly between Shrewsbury and Telford.

Primary Fellowship candidates have a whole day teaching session every two weeks, half of the time in Stoke-on-Trent, and the remainder of the time rotated around the other member Hospitals of the Stoke-on-Trent School of Anaesthesia (Burton-on-Trent, Stafford, Sandwell, Walsall and Wolverhampton.)

Final fellowship candidates attend teaching sessions and courses run at Stoke-on-Trent.

Undergraduate teaching is undertaken in conjunction with Keele University Medical School. The Medical School consistently achieves a high rating in the National Student Survey having achieved joint first place from 2014 – 2017, and second place in 2018 and 2019. Students with an interest in Anaesthesia are encouraged to attend the consultant lists for teaching.

## Transforming Care Institute

Over the past five years the Trust have developed Transforming Care Production System (TCPS), a Management & Improvement system in collaboration with Virginia Mason Institute in Seattle, widely regarded as one of the safest hospitals in the World. For our Trust, this is about having a single management system as part of a journey of cultural change. We have progressed with a number of 'Value Streams.' Doctors, Nurses, Allied Health Professionals and Colleagues from Virginia Mason are working together to transform Healthcare at The Shrewsbury and Telford Hospital NHS Trust and share our learning across the Country. We are one of only five Trusts across the UK working with Virginia Mason and NHS Innovation. This process aligns to our Organisational Strategy putting our 'Patients First' and reflects the Values of our Trust.

TCPS is a system of tools based on lean principles, designed to help deliver continuous improvement. The Kaizen Promotion Office (KPO) team teach and coach staff in the use of the TCPS management system:

- Showing tools & methods that can be used at every level of the organisation
- Developing teams who can frame problems
- Empowering staff to come up with ideas and sustain locally led improvements

We are very proud of our achievements to date and are looking for ways to engage with all of our staff through our Transforming Care team. There will be many opportunities for you to become involved in our improvement streams of work and we will be able to provide you with help and guidance independent of your level of expertise. We have a unique opportunity to make a difference and we hope that you will want to be a part of our journey.

## Educational Activities

Postgraduate activities are based in the Education Centre at the Princess Royal Hospital, which has a Medical library, a lecture theatre and a number of seminar rooms and in the Shropshire Education Conference Centre (SECC) at The Royal Shrewsbury Hospital. Regular Clinical presentations and Clinical audit meetings are held and there is a busy programme of activities for General Practitioners and Hospital Staff.

## Office And Secretarial Support

You will have an office with a full range of facilities including desktop PC. You will be supported by a full time secretary, and additional administrative staff supporting the existing Cardiologists.

## Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the Department could be incorporated in the methodological and practical stages.

## Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role; the Trust has a fully staffed Audit Department at both Hospitals with extremely well-organised teams.

### Appraisal, Revalidation And Mentorship

The Trust has the required arrangements in place, as laid down by the Royal College of Anaesthetists, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.

The Trust supports the Royal College of Anaesthetists guidance on provision of mentors for new Consultants, in line with GMC recommendations. This will be provided within the Trust.

A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust in, as agreed with the LNC (for example, the approval and funding of study leave).

An annual job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.

We will require to register SaTH as your designated body via the GMC to ensure that you are set up on the Equiniti revalidation system; we will complete this as soon as possible upon your commencement with the Trust.

The Trust also supports the requirements for continuing professional development as laid down by the Royal College of Physicians and is committed to providing time and financial support for these activities.

### Terms And Conditions Of Service

The appointment is full-time / part-time and the successful candidate will be appointed on the Terms & Conditions Consultants (England) 2003.

Salary Scale (MC72):        £82,096 - £110,683 per annum for 10 Programmed Activities (as of February 2020).

The post holder:

- Will be in possession of a recognised medical / dental qualification and full registration with the General Medical Council and continue hold a licence to practise.
- Is advised to be a member of a recognised medical defence society or be suitably insured. Trust insurance does not cover work undertaken outside the Trust other than caring for patients and work of the Trust.
- Will be expected to make sure that there are adequate arrangements for hospital staff involved in patient care to be able to contact him / her when necessary.
- Will be expected to reside within 30 minutes or 10 miles by road of the base hospital whilst on call.
- Will not be permitted to commence employment until a full medical examination has been completed with a satisfactory result or the Occupational Health Physician has satisfied himself that a full examination is not necessary. The completion of a satisfactory health questionnaire is a condition of employment.

- Will not be permitted to commence employment until full clearance has been received from the Disclosure Barring Service.

The Trust operates a no smoking policy.

The Trust values its diverse workforce and is committed to taking all necessary steps to ensure that individuals are treated equally and fairly and to taking positive action to promote equal opportunities.

### Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged for family accommodation.

### Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organise social events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff.

### Staff Benefits

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

### Visiting

Appointments to visit the Trust should be arranged with:

Dr James Moon  
Clinical Lead for Critical Care, Royal Shrewsbury Hospital  
Tel: 01743 261196

Dr Chris Mowatt  
Clinical Director SaTH  
Tel 01743 261196.

## Statements

### Health & Safety

As an employee of the Trust you have a responsibility to:

- take reasonable care of your own Health and Safety and that of any other person who may be affected by your acts or omissions at work; and
- co-operate with the Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to; and
- Not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

### Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of infection control policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself; and
- be aware of infection prevention and control policies, practices and guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff; and
- maintain an up to date knowledge of infection prevention and control, policies, practices and procedures through attendance at annual mandatory updates and ongoing continuing professional development; and
- Challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

### Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- **Confidentiality and Security** - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- **Disclosure of Information** - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must

Not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may

be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.

- **Information Quality and Records Management** - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

### **Professional Standards and Performance Review**

As an employee of the Trust you have a responsibility to:

- participate in statutory and mandatory training as appropriate for the post; and
- maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct; and
- take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates; and
- Participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the KSF outline for the post.

### **Safeguarding Children and Vulnerable Adults**

- We all have a personal and a professional responsibility within the Trust to identify and report abuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the relevant authorities. The Sharing of Information no matter how small is of prime importance in safeguarding children, young people and vulnerable adults.
- As an employee of the Trust you have a responsibility to ensure that:
  - You are familiar with and adhere to the Trusts Safeguarding Children procedures and guidelines.
  - You attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to your role.

### **Social Responsibility**

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust you have a responsibility to take measures to support our contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport and waste.
