

Radiology Patient Transfer Assistant Candidate Pack

Our Trust

At The Shrewsbury and Telford Hospital (SaTH), our vision is to provide excellent care for the communities we serve. Working together across our teams, we provide district general hospital services for around half a million people in Shropshire, Telford & Wrekin, and mid-Wales.

Our main service locations are The Royal Shrewsbury Hospital and The Princess Royal Hospital, Telford, which together provide 99% of our activity. Alongside these, we also provide community and outreach services across the local area.

As one of Shropshire's biggest employers with around 7,000 staff, we offer a wide range of opportunities to build a rewarding career across both clinical and non-clinical roles. Our people are dedicated and passionate, working together to deliver the best patient care. No matter your role, you'll be joining a supportive team environment where you'll be able to make a real difference for our patients.

We are committed to supporting you at every stage of your career with us, whether you're starting something new or looking to take the next step into leadership. With strong partnerships and our newly awarded university hospital status, you'll have access to excellent education, mentoring and experience to help you thrive.

Our Vision

"To provide excellent care for the communities we serve"

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

Our Values

Poppy's Promise

Poppy's Promise is a compassionate care initiative introduced within this Trust to enhance communication, respect and empathy across every aspect of patient care.

The initiative was founded by Katie Russell, following the loss of her daughter Poppy, who tragically died at just twelve hours old due to failures in care and communication. Born from that experience, Poppy's Promise serves as a powerful reminder that while clinical skill saves lives, it is compassion, listening and respect that define the quality of care and human connection. By embedding this promise across our organisation, we ensure that no patient or family ever feels unseen, unheard, or uncared for.

Poppy's Promise is a five-stage framework that supports NHS staff to provide compassionate, consistent and patient-centred care. It aims to create a culture where empathy and communication are prioritised at every level - from education and recruitment to daily patient interactions.

At the heart of the initiative lies the C.A.R.E. framework, which outlines four guiding principles for staff to follow. The CARE principles form the foundation of Poppy's Promise. They describe the behaviours, attitudes and values that underpin every interaction — between staff and patients, staff and families, and colleagues with one another.

CARE is not an additional task. It is how care is delivered.

C.A.R.E. Meaning and Practice

Compassion - Demonstrate genuine kindness, empathy and humanity in every interaction.

Compassion means recognising the emotional as well as the physical needs of patients, families and colleagues, and responding with care, patience and understanding. Small acts of compassion can have a lasting impact.

Acknowledge - Actively listen and be fully present.

Use eye contact, names and open body language, and acknowledge the individual's feelings, concerns and lived experience. Every person should feel seen, heard and taken seriously.

Respect - Treat everyone with dignity, honesty and fairness at all times.

Respect individual differences, personal circumstances and lived experience. Trust is built through respectful behaviour, consistency and integrity.

Empower - Enable people to be active participants in their care and work.

Communicate clearly, encourage questions and shared decision-making, and ensure patients, families and colleagues feel informed, confident and included.

Poppy's Promise is more than a framework - it represents a cultural shift towards human-centred care. By adopting these principles, we:

- Strengthen trust and communication between staff and patients
- Reduce avoidable harm through better understanding and listening
- Improve patient experience and staff wellbeing
- Foster a culture of openness, empathy and shared responsibility

Every member of staff has a role to play in bringing Poppy's Promise to life. Whether you are clinical, administrative or support staff, compassion and communication are part of everyone's role.

In daily practice, you can:

- Take a moment before entering a patient's space - centre yourself, focus on the person, not the task
- Use clear, respectful and kind language
- Listen without interruption and acknowledge emotions expressed
- Be honest and transparent, even when conversations are difficult
- Reflect after interactions - consider how your approach made the patient or family feel

All staff within the Trust are expected to:

- Uphold the values of Poppy's Promise in all patient and colleague interactions
- Attend any training, workshops or refreshers provided as part of the initiative
- Support colleagues in modelling compassionate behaviours
- Raise concerns constructively when communication or respect fall short
- Reflect these principles in both professional and personal conduct within the workplace

Together, we can make every interaction an opportunity to care, listen and make a difference.

That is Poppy's Promise.

General conditions

As they undertake their duties, all our people are required to uphold and demonstrate the Trust's core values of: Partnering, Ambitious, Caring and Trusted. Collaboration and partnership are also central to our approach in delivering our fundamental activities of patient care, teaching, and research.

Health & Safety

As an employee of the Trust you have a responsibility to:

- take reasonable care of your own Health and Safety and that of any other person who may be affected by your acts or omissions at work;
- co-operate with the Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to;
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of infection control policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself;
- be aware of infection prevention and control policies, practices and guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff;
- maintain an up to date knowledge of infection prevention and control, policies, practices and procedures through attendance at annual mandatory updates and ongoing continuing professional development;
- challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- **Confidentiality and Security** - Your attention is drawn to the confidential and sensitive nature of information collected within the NHS. Whilst you are

employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.

- **Disclosure of Information** - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.
- **Information Quality and Records Management** - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:
