

Locum Consultant in Trauma & Orthopaedics with Special Interest in Knee Arthroplasty and Soft Tissue Knee Surgery

INFORMATION FOR CANDIDATES

Our Vision and Values

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

About our Vision

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

About our Values

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour.

About the Trust

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east. The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are the Princess Royal Hospital (PRH) in Telford and the Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes' drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at the Wrekin Community Clinic, Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ over 7000 staff, and hundreds of staff and students from other organisations also work in our hospitals. At The Shrewsbury and Telford Hospital NHS Trust (SaTH), there are around 300 volunteers who support patients, their families and colleagues. That net is cast even wider if you include the many charities and organisations whose volunteers also support the Trust including the Lingen Davies Cancer Appeal which is based at the Royal Shrewsbury Hospital.

Our priority is to deliver the best possible diagnostic facilities and high-quality clinical care in a clean, supportive setting. We are committed to ensuring every patient receives effective treatment with respect and dignity.

The Shrewsbury and Telford Hospital NHS Trust continues to work with our partners in health and social care in Shropshire, Telford and Wrekin and mid Wales to develop patient-focused services that meet the needs of our communities.

Plans have been given the go ahead to transform local hospital services for the half a million residents of Shropshire, Telford & Wrekin and mid Wales to make sure two vibrant hospitals and the wide range of services they provide for people locally are kept in the county. This landmark decision will result in better care for patients, secure the £312m on offer from HM Treasury and develop both hospital sites to deliver state of the art facilities in which staff will be proud to work and patients will choose to be treated.

Main Duties & Responsibilities

Clinical

- To provide a specialty surgical service for adult patients with hip and knee disorders requiring hip and knee arthroplasty and revision surgery.
- To participate in a 1:10 on call emergency rota for adults and paediatric patients with musculo-skeletal trauma which include weekends. The Trust has specialist spinal and paediatric links with Oswestry and Stoke.
- To undertake trauma theatre sessions (weekdays) where required, in addition to the 1:10 on call emergency rota.
- To be involved in teaching of medical staff and medical students from Keele University.
- To develop enhanced clinical skills, especially in the assessment and management of acutely ill patients.
- To have excellent team-working skills with the abilities and professional attitude to work well in a multi-professional team.
- To deliver clinical and quality targets agreed both nationally and locally with clinical teams and commissioners.
- To follow patients throughout their clinical pathways.

Organisational

- To work with local managers and professional colleagues in the employing Trust in the efficient running of the service.
- To be subject to the provisions of the Terms and Conditions of Service, be required to observe the Trust's agreed policies and procedures, drawn up in consultation with the profession on clinical matters and to follow the local and national employment and personnel policies and procedures.
- To participate in the Continuous Professional Development and the Trust's appraisal scheme.
- To be aware of the responsibility of all employees to maintain a safe and healthy environment for patients, visitors and staff and attend all relevant health and safety training.
- Ensure that all Trust-wide standards are maintained to improve the quality of total care to all who come into contact with services provided by Shrewsbury and Telford hospital NHS Trust.

This job description is not intended to be exhaustive. The post holder will be expected to carry out any reasonable duties requested of them, appropriate to the grade and role of the post. Duties and responsibilities may vary from time to time in light of changing circumstances and in consultation with the post holder.

Job Description

Job Title:	Locum Consultant in Trauma & Orthopaedics with Special Interest in Knee Arthroplasty Surgery and soft tissue knee surgery and reconstruction
Grade:	Consultant
Division:	Trauma & Orthopaedics
Responsible to:	Care Group Medical Director
Professionally Accountable to:	Medical Director
Hours:	10 Programmed Activities
Duration:	3 months contract
Salary	£109,725- £145,478 [YC72] per annum

Job Summary

The Shrewsbury and Telford Hospital (SATH) NHS Trust is looking for a full-time locum consultant in Trauma & orthopaedics who will be predominantly based at the Princess Royal Hospital (PRH), Telford with responsibilities at the Royal Shrewsbury Hospital (RSH), Shrewsbury.

The appointee will join an existing team of full time Consultant Orthopaedic Surgeons based at PRH and provide a specialty surgical service for adult patients with knee degeneration and soft tissue conditions and injuries, with a specialist interest in knee soft tissue and reconstruction surgery. The appointee will also participate in a 1:10 on call emergency rota for adult and paediatric patients with Musculo-skeletal trauma.

The Post

The Department

The Orthopaedic Department at the Princess Royal Hospital (PRH) provides comprehensive adult elective services for the population of East Shropshire and further afield. The trust also provides adult and paediatric trauma services which is supported by the regional trauma centre in Stoke.

Our hospital has close links with the Robert Jones Agnes Hunt Orthopaedic hospital in Oswestry which provides regional MDT meetings for arthroplasty. They provide elective paediatric orthopaedics, musculo-skeletal malignancy care and scoliosis care. In addition, they provide tertiary support with spine trauma/emergencies and offer paediatric trauma support.

The Orthopaedic Department at PRH consists of two dedicated adult wards with a full complement of nursing staff, who are experienced in orthopaedic care. The elective ward has 14 beds and the acute trauma Ward has 25 trauma beds plus an ambulatory trauma assessment unit with capacity for 3 patients. The general paediatric ward has staff and equipment to manage paediatric trauma. The surgical elective hub has 4 operating theatres and 16 trolley spaces. The main operating suite comprises five theatres including three with laminar flow ventilation which are used primarily for Orthopaedics.

For musculo-skeletal trauma there is a 3 day / 4 day on call system (1:10 with this appointment) with daily trauma lists and regular new fracture clinics.

Consultants

Mr Ronald Dodenhoff	Upper limb surgery; shoulder surgery
Mr Piers Moreau	Upper limb surgery; hand surgery
Mr Rob Turner	Upper limb; elbow surgery
Jefin Jose Edakalathur	Upper limb surgery; shoulder surgery
Mr Ralph Perkins	Hip and Knee Joint primary and revision arthroplasty
Mr Richard Roach	Knee ligament reconstruction, total knee joint arthroplasty, sports injuries
Mr Mike Carmont	Foot and ankle surgery, sports injuries
Mr Jonathan Reading	Foot and ankle surgery
Mr Wilhelm Wagner	Hip and Knee Joint primary and revision arthroplasty
To be appointed	Lower Limb consultant

In addition, the PRH department is supported by:

2 Associate Specialists

Mr Arunansu Saha

Mr Apurva Choksey

4 Specialty Doctors

Mr Ajaya Neupane (Orthogeriatrics)

Mr Segun Adekale

Mr Mohammed Lyeeq Ahmed

Mr Nisarg Shah

10 ST3-8 Doctors

10 FY2-CT2

5 Orthopaedic Specialist Nurses

2 Trauma Nurses

1 Orthogeriatrician Consultant

Office and Secretarial Support

The appointed candidate will have office space with a full range of facilities including computer and will be supported by a full-time secretary.

Job Plan

A formal job plan will be agreed between the successful candidate and their Clinical Director, on behalf of the Medical Director within 3 months of starting in post. A full-time job plan is based on a 10 PA working week. The job plan will be reviewed annually and is a prospective agreement that sets out the consultant's duties, responsibilities, and objectives for the coming year. It covers all aspects of a consultant's professional practice including clinical work, teaching, research, education and managerial responsibilities. It will provide a clear schedule of commitments, both internal and external and will include personal objectives, detailing links to wider service improvements and trust strategic priorities.

For a full-time contract, the job plan will be divided on average per week (pro-rata for a part time post) as:

- 7.5 Programmed Activities (PAs) of Direct Clinical Care - includes clinical activity, clinically related activity, patient related admin and predictable and unpredictable emergency work.
- 2.5 PA of Supporting Professional Activities (SPAs) - includes CPD, audit, teaching and research.

The allocation of PAs is reviewed and may be subject to adjustment when a further diary exercise is undertaken or if the service demands a review of the team job plan.

Any applicant who is unable, for personal reasons, to work full-time will be eligible to be considered for the post. If such a person is appointed, modification of the job content will be discussed on a personal basis with the Trust in consultation with other consultant colleagues.

In line with HTP and the trusts long terms plans trauma service will be reconfigured to one site, job plans will be subject to change when trauma is reconfigured to the RSH site, this will all be done with consultation and consideration of the individual consultants.

On-call and cover arrangements

The trust has two hospitals, the Princess Royal in Telford and the Royal Shrewsbury Hospital. At present on call and cover arrangements are (1:10) required at PRH site only. Please note that we are restructuring services in preparation for the HTP (Hospital Transformation Program) and as such on calls may include on-calls on one or both sites in the future.

Travel Arrangements

Consultant will be predominantly working at PRH site and will be expected to reside within 30 minutes or 10 miles by road of the base hospital whilst on call. There is a separate on-call rota on each site (PRH & RSH). A review will take place in line with HTP.

Mentorship

There are senior arthroplasty consultants who currently work at the trust. They will provide support and mentorship to the successful applicant.

There is a regional MDT meeting which is regularly held at the Robert Jones Agnes Hunt orthopaedic Hospital. This is an opportunity to discuss cases and there is also a MDT clinic where patients can be reviewed by multiple consultants.

Equity within the department.

Surgical working requires good team working. The role of each consultant is intended to be as an equal senior to other consultants in the department and in the trust.

Teaching and Training

The department receives training registrars from the Oswestry/Stoke training circuit. We also have CT doctors.

There is a teaching programme for Foundation doctors in our department.

We are linked with Keele Medical School and the hospital teaches year 4 and year 5 students. Some of the Orthopaedic Consultants are tutors for Keele Medical School and there is potential for the successful candidate to become involved with the medical school.

Timetable

The following provides an example of the scheduling details of the elective clinical activity and clinically related activity components of the appointee's standard working week.

Day	Time	Work	Category	No. of PAs
Monday	AM	Clinic	DCC	1
	PM	SPA	SPA	1.5
Tuesday	AM	Clinical Admin	DCC	1
	PM	Theatre	DCC	1.25
Wednesday	AM	Fracture Clinic	DCC	1
	PM			
Thursday	AM	SPA	SPA	1
	PM	Clinic	DCC	1
Friday	AM	Theatre	DCC	1.25
	PM			
Unpredictable / emergency on-call work		Monday – Thursday (1 in 10 weeks) Friday – Sunday (1 in 10 weeks)	DCC	AVE 1
Total PAs				
		10		

This timetable is indicative only and the formal job plan will be agreed between the successful applicant and their clinical director within 3 months of starting in post.

Theatre PA includes time for pre-operative and post operative ward rounds.

Weekend Working

The same level of support and mentoring would be available for the new consultant when undertaking elective working on Saturdays as would be available to him/her and the other consultants in the department during Monday to Friday. This would include the availability of other consultants to advise on clinical problems should they arise on a Saturday, such as another consultant working in a different theatre but in the same theatre suite.

All supporting services for patient care will be available on Saturdays and Sundays (for post-operative care) as would be available on Monday to Friday. These supporting services include administrative support, Intensive Care, therapy support, nursing input, radiology, pathology testing and support of medical doctors.

General Conditions

Annual Leave

Doctors upon first appointment to the Consultant grade shall be entitled to annual leave at the rate of 32 days a year.

Doctors who have completed a minimum of 7 years' service as a Consultant shall be entitled to annual leave at the rate of 34 days per year.

The rate of annual leave will be based on a full time contract of 10 PAs. Additional PAs above 10 PAs will not accrue additional entitlements to annual leave over and above the full time allocation. For consultants working part-time, the full time entitlement will be pro-rated in accordance with the contracted PAs.

Study and Professional Leave

Professional and Study leave includes but is not restricted to participation in:

- Study, usually but not exclusively or necessarily on a course or programme;
- Research
- Teaching
- Examining or taking examinations
- Visiting clinics and attending professional conferences
- Training

The appointee will be entitled to 30 days of Study/Professional Leave across a 3 year fixed period with a set budget.

Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the department could be incorporated in the methodological and practical stages.

Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role. The Trust has a fully staffed Audit Department at both hospitals with extremely well-organised teams.

Appraisal, Revalidation and Mentorship

- The Trust has the required arrangements in place, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.
- The Trust supports the Royal College of Physicians Guidance on provision of mentors for new Consultants, in line with GMC recommendations. This will be provided within the Trust.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Premier IT Revalidation e-Portfolio (PReP) Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.
- A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust, as agreed with the LNC (for example, the approval and funding of study leave). An annual

job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.

- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Equiniti Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.

Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged for family accommodation.

Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organise social events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff.

Office and Secretarial Support

The post holder will have full-time secretarial support with an adequately equipped office that will include a computer with access to Trust IT facilities.

Staff Benefits

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

Health & Safety

As an employee of the Trust you have a responsibility to:

- Take reasonable care of your own health and safety and that of any other person who may be affected by your acts or omissions at work, and ensuring a COVID secure workplace for the team.
- Co-operate with the Trust in ensuring that Statutory Regulations, Codes of Practice, Local Policies and Departmental Health and Safety Rules are adhered to.
- To not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of Infection Control Policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- Ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself.
- Be aware of Infection Prevention and Control Policies, Practices and Guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff.
- Maintain an up-to-date knowledge of Infection Prevention and Control, Policies, Practices and Procedures through attendance at annual mandatory updates and ongoing continuing professional development.
- Challenge poor infection prevention and control practices of others and to report any breaches,

using appropriate Trust mechanisms (e.g. incident reporting policy).

Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- **Confidentiality and Security** - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- **Disclosure of Information** - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.
- **Information Quality and Records Management** - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:

- Participate in statutory and mandatory training as appropriate for the post.
- Maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct.
- Take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates.
- Participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the NHS Knowledge and Skills Framework outline for the post.

Safeguarding Children and Vulnerable Adults

We all have a personal and a professional responsibility within the Trust to identify and report abuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the relevant authorities. The Sharing of Information no matter how small is of prime importance in safeguarding children, young people and vulnerable adults.

As an employee of the Trust, you have a responsibility to ensure that:

- You are familiar with and adhere to the Trust's Safeguarding Children Procedures and Guidelines.
- You attend Safeguarding Awareness Training and undertake any additional training in relation to safeguarding relevant to your role.

Social Responsibility

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities,

employment, skills and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust, you have a responsibility to take measures to support our contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport, and waste.

Continuous Improvement

The Shrewsbury and Telford Hospital NHS Trust is committed to creating a culture that puts Continuous Improvement at the forefront of our transformational journey and our aim is to empower colleagues at all levels have the confidence, capability, passion, and knowledge, to test changes and make improvements at SaTH and in the communities we serve.

Following a successful five-year partnership with the Virginia Mason Institute in the USA, SaTH continues to further develop and embed the Trust's approach to Continuous Improvement at all levels of the organisation. You will be supported by an Improvement Hub, which will provide the necessary expertise to support you make improvements, while also providing training at various stages of your time at SaTH, as part of your continuing professional development.

No Smoking Policy

There is a no smoking policy in operation within the Trust. Smoking within the Trust's premises or within the Trust's grounds is not permitted.

Miscellaneous

This job description is an outline of the key tasks and responsibilities of the post and is not intended to be an exhaustive list. The job may change over time to reflect the changing needs of the Trust and its services as well as the personal development.

Person Specification

The following pages contain a description of the qualifications, skills, experience, knowledge and other attributes a candidate should ideally possess to successfully perform this role.

QUALIFICATIONS

CRITERIA	ESSENTIAL	DESIRABLE
• MBBS, MBChB or equivalent medical qualification • Post-graduate thesis • FRCS or equivalent qualification • CCT or equivalent, or within 6 months of appointment	✓ ✓ ✓	✓

ENTRY CRITERIA

CRITERIA	ESSENTIAL	DESIRABLE
• Full Registration and a licence to practise with the General Medical Council (GMC) • To be eligible for consideration for a consultant appointment by an Advisory Appointments Committee (AAC), candidates must be fully registered on the UK General Medical Council's Specialist Register for Trauma & Orthopaedics. GENERIC CAPABILITIES FRAMEWORK

Professional Values & Behaviours

ESSENTIAL CRITERIA	ESSENTIAL	DESIRABLE
- Practises with the professional values and behaviours expected of all doctors as set out in GMC Good Medical Practice and the Generic Professional Capabilities Framework (or equivalent for dentists). - Demonstrates the underpinning subject-specific competences i.e., knowledge, skills and behaviours relevant to the role setting and scope. - Clinically evaluates and manages a patient, formulating a prioritised differential diagnosis, initiating an appropriate management plan, and reviewing and adjusting this depending on the outcomes of treatment. - Critically reflects on own competence, understands own limits, and seeks help when required. - Communicates effectively and able to share decision-making with patients, relatives and carers; treats patients as individuals, promoting a person-centred approach to their care, including self-management. - Respects patients' dignity, ensures confidentiality and appropriate communication where potentially difficult or where barriers exist, e.g., using interpreters and making adjustments for patients with communication difficulties - Demonstrates key generic clinical skills around the areas of consent; ensuring humane interventions, prescribing medicines safely and using medical devices safely. - Adheres to professional requirements, participating in annual appraisal and reviews of performance and progression. - Awareness of legal responsibilities relevant to the role, such as around mental capacity and deprivation of liberty; data protection; equality and diversity. - Applies basic principles of public health; including population health, promoting health and wellbeing, work, nutrition, exercise, vaccination and illness prevention, as relevant to their specialty.	✓ ✓ ✓ ✓ ✓ ✓ ✓ ✓ ✓ ✓	

Leadership & Team Working

CRITERIA	ESSENTIAL	DESIRABLE
- Awareness of their leadership responsibilities as a clinician and demonstrates appropriate leadership behaviour; managing situations that are unfamiliar, complex, or unpredictable and seeking to build collaboration with, and confidence in, others. - Demonstrates understanding of a range of leadership principles, approaches and techniques so can adapt leadership behaviours to improve engagement and outcomes – appreciates own leadership style	✓ ✓	

and its impact on others.		
Develops effective relationships across teams and contributes to work and success of these teams – promotes and participates in both multidisciplinary and inter-professional team working.	✓	
Critically reflects on decision-making processes and explains those decisions to others in an honest and transparent way.	✓	
Demonstrates ability to challenge others, escalating concerns when necessary.	✓	
Develops practice in response to changing population health need, engaging in horizon scanning for future developments.	✓	

Patient Safety & Quality Improvement

CRITERIA	ESSENTIAL	DESIRABLE
Takes prompt action where there is an issue with the safety or quality of patient care, raises and escalates concerns, through clinical governance systems, where necessary.	✓	
Demonstrates understanding of the basic principles of audit, clinical risk management, evidence-based practice, patient safety and clinical quality improvement initiatives	✓	
Applies basic human factors principles and practice at individual, team, organisation, and system levels.	✓	
Collaborates with multidisciplinary and interprofessional teams to manage risk and issues across organisations and settings, with respect for and recognition of the roles of other health professionals.	✓	
Advocates for, and contributes to, organisational learning.	✓	
Reflects on personal behaviour and practice, responding to learning opportunities.	✓	

Safeguarding Vulnerable Groups

CRITERIA	ESSENTIAL	DESIRABLE
Recognises and takes responsibility for safeguarding children, young people, and adults, using appropriate systems for identifying, sharing information, recording and raising concerns, obtaining advice and taking action.	✓	
Applies appropriate equality and diversity legislation, including disability discrimination requirements, in the context of patient care.	✓	

Education & Training

CRITERIA	ESSENTIAL	DESIRABLE
• Critically assesses own learning needs and ensures a personal development plan reflects both clinical practice and relevant generic capabilities.	✓	
• Promotes and participates in individual and team learning; supporting the educational needs of individuals and teams for uni-professional, multidisciplinary and interprofessional learning.	✓	
• Identifies and creates safe and supportive working and learning environments.	✓	
• Takes part in patient education.	✓	

Research & Scholarship

CRITERIA	ESSENTIAL	DESIRABLE
• Keeps up to date with current research and best practice in the individual's specific area of practice, through appropriate continuing professional development activities and their own independent study and reflection.	✓	
• Critically appraises and understands the relevance of the literature, conducting literature searches and reviews; disseminates best practice including from quality improvement projects.	✓	
• Communicates and interprets research evidence in a meaningful way for patients to support shared decision-making.	✓	
• Works towards identifying the need for further research to strengthen the evidence base or where there are gaps in knowledge, networking with teams within and outside the organisation	✓	
• Locates and uses clinical guidelines appropriately.	✓
