# ABOUT THE TRUST

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east. The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are the Princess Royal Hospital (PRH) in Telford and the Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes' drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at the Welshpool Community Clinic, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen, Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ almost 6,000 staff, and hundreds of staff and students from other organisations also work in our hospitals. We benefit from around 1,000 wonderful volunteers, and our main charitable partners are the League of Friends at the Royal Shrewsbury Hospital, Friends of the Princess Royal Hospital, and the Lingen Davies Cancer Appeal which is based at the Royal Shrewsbury Hospital.

We are committed to providing the best possible diagnostic facilities and high-quality clinical care in a clean, supportive environment where patients are treated effectively with respect and dignity.

The Shrewsbury and Telford Hospital NHS Trust continues to work with our partners in health and social care in Shropshire, Telford and Wrekin and mid Wales to develop patient-focused services that meet the needs of our communities.

Plans have been given the go ahead to transform local hospital services for the half a million residents of Shropshire, Telford & Wrekin and mid Wales to make sure two vibrant hospitals and the wide range of services they provide for people locally are kept in the county. This landmark decision will result in better care for patients, secure the £312m on offer from HM Treasury and develop both hospital sites to deliver state of the art facilities in which staff will be proud to work and patients will choose to be treated. The Trust is looking to expand the Consultant numbers in the Emergency Departments to ensure that a high quality and Consultant led service is continued to be delivered with increasing attendances.

# MAIN DUTIES & RESPONSIBILITIES

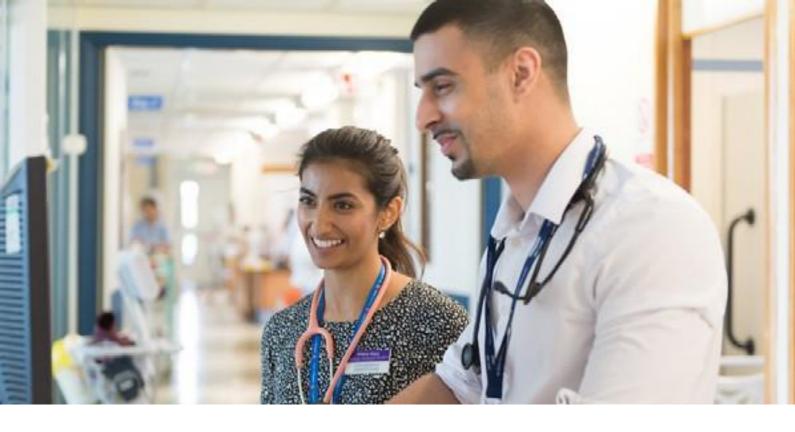

#### Clinical

- To provide consultant level care of acutely ill children and lead the acute care team
- To provide paediatric cardiology subspecialty care
- To provide educational supervision to trainees
- To support the department with supporting professional activities
- To develop enhanced clinical skills, especially in the assessment and management of acutely ill
  patients.
- To have excellent team-working skills with the abilities and professional attitude to work well in a multi-professional team.
- To deliver clinical and quality targets agreed both nationally and locally with clinical teams and commissioners.
- To follow patients throughout their clinical pathways.

#### Organisational

- To work with local managers and professional colleagues in the employing Trust in the efficient running of the service.
- To be subject to the provisions of the Terms and Conditions of Service, be required to observe the Trust's agreed policies and procedures, drawn up in consultation with the profession on clinical matters and to follow the local and national employment and personnel policies and procedures.
- To participate in the Continuous Professional Development and the Trust's appraisal scheme.
- To be aware of the responsibility of all employees to maintain a safe and healthy environment for patients, visitors and staff and attend all relevant health and safety training.
- Ensure that all Trust-wide standards are maintained to improve the quality of total care to all who encounter services provided by Shrewsbury and Telford hospital NHS Trust.

This job description is not intended to be exhaustive. The post holder will be expected to carry out any reasonable duties requested of them, appropriate to the grade and role of the post. Duties and responsibilities may vary from time to time considering changing circumstances and in consultation with the post holder.

# JOB DESCRIPTION

Job Title: Paediatric Consultant with interest in Cardiology

Grade: Consultant

**Division:** Women's and Children

**Responsible to:** Divisional Medical Director

Professionally

Accountable to: Medical Director

**Hours:** 10 Programmed Activities

**Duration:** Permanent

**Salary:** £88,364 - £119,133 per annum [YC72]

#### **Job Summary**

An exciting opportunity has arisen for a permanent locally employed acute paediatrician with interest in Paediatric Cardiology. This is a fantastic opportunity to be part of the biggest development of Children's services that the County has seen. You will become part of a team and will work in what is one of the largest acute District General Hospital Paediatric departments in the County serving a catchment population of over 0.5 million.

# THE POST

#### The Department

All Paediatric and Neonatal Inpatient services are delivered from a single large site based at the Princess Royal Hospital in a purpose-built state-of-the-art Women and Children's Centre.

The new facilities include:

- A new 36 bed children's ward
- Dedicated Oncology and High-Dependency Care 3-bedded Units within the ward
- Independently staffed 8-bedded Children's Assessment Units at the Princess Royal Hospital 24/7
- A 6 bedded Paediatric Medical Day case Unit at the Royal Shrewsbury Hospital.
- A Neonatal Unit, designated as a Level 2 / Local NNU
- Children's Outpatient Centres at both Hospitals.
- Co-location with the new Labour Suite, Maternity Operating Theatres and Obstetric Wards With vastly improved estate and facilities comes staff expansion. There is already separation of rotas at junior tier (24/7) and middle-tier (09:00-17:00hrs Mon-Fri) for paediatric and neonatal services. There is separation of the Consultant tier 24/7, and the middle tier 09:00-23:00hrs 24/7. This department have partially separated tier 2 rota. In the next 6 months the tier 2 rota will be split completely.

#### The Children's Ward

A total of 36 beds, with 18 accommodated in 2 or 4 bedded bays, and 16 in cubicles, each with en-suite accommodation. The ward has a dedicated 3-bed Oncology Unit that has its own parent accommodation, Treatment Rooms and office accommodation, and delivers the highest quality of care as a Level 3 Paediatric Oncology Shared Care Unit. 3 beds are dedicated, and staffed, for High-Dependency Care. CPAP and High-Flow Oxygen facilities are in use already in county, and the new unit sees expansion of this, along with the potential to further develop HDU care provision for the West Midlands. The Ward's resuscitation room allows for initiation of PICU support, including ventilation, and there are well-established links with the Regions PICU centres at Stoke and Birmingham and with the immensely supportive and efficient Regional Transport and PICU advice service (KIDS) based at the Birmingham Children's Hospital. This large ward is ideally located, being adjacent to the Princes Royal Hospital Children's Out-Patient facility, Neonatology, Radiology, A&E, and the new Children's Assessment Unit. There are currently in excess of 6,000 admissions per annum to the two Children's Wards, with a further 10,000+ attendances at the Children's Assessment Units.

#### The PRH Children's Assessment Unit

Separately staffed and open 24/7 this new facility has 8 beds, with 4 as en-suite cubicles, and a separate Treatment Room for practical procedures. Length of stay is already little over 24 hours for children in Shropshire, and the CAUs are expected to further facilitate earlier discharge home and ward admission avoidance.

#### The RSH Paediatric Medical Day Case Unit

Reconfiguration has ensured that cost effective services are provided with an emphasis of quality and flow of care. The Paediatric Medical Day Unit at the Royal Shrewsbury Hospital is a 6-bedded unit. The unit is staffed by highly experienced Advanced Paediatric Nurse Practitioners on a Tuesday and Thursday and by the current Associate Specialists on a Monday, Wednesday and Friday. This post would partly support this role, and enable semi-elective reviews on alternate days. Comprehensive care pathways have been developed to manage the admission of ill or injured children, whether they present to the Royal Shrewsbury Hospital or Princess Royal Hospital. The Paediatric team at RSH is expected to play a role in supporting the Royal Shrewsbury Hospital A&E Department, which is also the designated Trauma Unit for the County. This support is available from 9am to 7 pm 5 days/week and between 12pm and 10pm on a Saturday and Sunday. There is non-resident consultant cover dedicated to support the CAU & A&E in RSH.

#### Children's Outpatients

At both the Royal Shrewsbury Hospital and Princess Royal Hospital there are new, enhanced out-patient facilities. Each also contain its own treatment room, clean and dirty utility and administration areas, allowing greater delivery of care away from the in-patient unit. Children's general paediatric out-patient clinics are also delivered in the excellent facilities provided by a number of the local Community Hospitals (in Whitchurch, Ludlow, Bridgnorth, Welshpool and Newtown) and in the specialist Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry.

There is comprehensive provision of specialist services in the out-patients, including:

A. Visiting Tertiary Specialists: Cardiology, Nephrology, Urology, Surgery, Endocrinology, Cystic Fibrosis, Oncology & Haematology, and Genetics.

B. In-County Specialist Clinics: Gastroenterology, UTI/Renal, Cardiology, Allergy, Respiratory, Cystic Fibrosis, Rheumatology, Diabetes, Endocrinology, Oncology & Haematology, Metabolic, Epilepsy and Neurology

#### The Department Medical Staffing

There are a total of 15 acute General paediatric consultants, with an additional 2 split posts with neonatology.

The Paediatric Consultants are as follows:

| Consultant Name         | Title and Special Interest                                    |
|-------------------------|---|
| Vacant post             | General Paediatrician   |
|                         | Special interest in Gastroenterology                          |
| This post               | General Paediatrician   |
|                         | Special interest Cardiology                                   |
| Dr Richard Brough       | General Paediatrician   |
|                         | Special interests in Rheumatology                             |
| Dr Andrew Cowley        | General Paediatrician   |
|                         | Special Interest Oncology & Haematology                       |
| Dr Santwana Dwivedi     | General Paediatrician   |
|                         | Special Interest Oncology & Haematology                       |
| Dr Rupert Ellis         | General Paediatrician   |
|                         | Special Interest Epilepsy                                     |
| Dr Sapthagiri Gantasala | General Paediatrician   |
|                         | Special interest in Gastroenterology                          |
| Dr Manish Gupta         | General Paediatrician   |
|                         | –Special interest in Nephrology                               |
| Dr Kathryn McCrea       | General Paediatrician   |
|                         | Special Interest Diabetes & Endocrinology; College Tutor      |
| Dr Sourabh Mukhopadhyay | General Paediatrician   |
|                         | Special interest in Epilepsy                                  |
| Dr Susan Muniu          | General Paediatrician   |
|                         | Special interest Diabetes                                     |
| Dr Srinivas Parepalli   | General Paediatrician   |
|                         | Special Interest Epilepsy; Governance lead                    |
| Dr Tabitha Parsons      | General Paediatrician   |
|                         | Special Interest Oncology & Haematology                       |
|                         | Named doctor for safeguarding                                 |
| Dr Martyn Rees          | General Paediatrician   |
|                         | Special interest in Cystic fibrosis & Respiratory Paediatrics |
| Dr Rajesh Sakremath     | General Paediatrician   |
|                         | Special interest in Diabetes & Endocrinology                  |
| Dr Kumar Sethuraman     | General Paediatrician   |
|                         | Special interest Respiratory Paediatrics, Allergy & TB        |
| Dr Nick Vrahimis        | General Paediatrician   |
|                         | Special interest Cardiology                                   |
| Dr Jennifer Brindley    | Neonatal Paediatrician  |

#### Tier 2/Senior Medical Support

9 ST4+ (3 General Paediatrics, 2 Neonatal and 4 community posts)

1 Associate Specialists

2 Speciality doctors, 2 ACP Paeds 8B

#### **Junior Tier**

2 Foundation Year 1

12-14 / GPVTS ST / Paediatric ST1-3

#### Job Plan

A formal job plan will be agreed between the successful candidate and their Clinical Director and consultant colleagues, on behalf of the Medical Director within 3 months of starting in post. A full-time job plan is based on a 10 PA working week. The job plan will be reviewed annually and is a prospective agreement that sets out the consultant's duties, responsibilities, and objectives for the coming year. It covers all aspects of a consultant's professional practice including clinical work, teaching, research, education and managerial responsibilities. It will provide a clear schedule of commitments, both internal and external and will include personal objectives, detailing links to wider service improvements and trust strategic priorities.

For a full-time contract, the job plan will be divided on average per week (pro-rata for a part time post) as:

- 8 Programmed Activities (PAs) of Direct Clinical Care includes clinical activity, clinically related activity and predictable and unpredictable emergency work.
- 2 Supporting Professional Activities (SPAs) includes CPD, audit, teaching and research.

The allocation of PAs is reviewed and may be subject to adjustment when a further diary exercise is undertaken or if the service demands a review of the team job plan.

Any applicant who is unable, for personal reasons, to work full-time will be eligible to be considered for the post. If such a person is appointed, modification of the job content will be discussed on a personal basis with the Trust in consultation with other consultant colleagues.

#### **Rota Duties**

The Post holder will cover the acute paediatric ward in their ward week (consultant of the ward) 3.72 times a year and cover the assessment unit in their assessment week (consultant of assessment unit) 3.72 times a year. There will general paediatric and cardiology clinics at both sites. The post attracts 2 PAs of supporting professional activity per week.

The post-holder will be expected to contribute to the 1:7 full-shift rota. The rota is compliant with the terms and conditions of the 2016 Junior Doctor Contract and WTD and has been carefully designed to maximise training opportunities for doctors whilst maintaining a safe and efficient service, with an even spread of long days and nights. The post holder will be 1 of the 15 doctors contributing to the full shift rota with a weekend frequency of 1:7 with non-resident-night and is prospectively covered for annual and study leave.

## Timetable

The following provides scheduling details of the clinical activity and clinically related activity components of the appointee's standard working week.

This timetable is indicative only and the formal job plan will be agreed between the successful applicant and their clinical director within 3 months of starting in post.

#### **Annual Leave**

Doctors upon first appointment to the Consultant grade shall be entitled to annual leave at the rate of 32 days a year pro rata.

Doctors who have completed a minimum of 7 years' service as a Consultant shall be entitled to annual leave at the rate of 34 days per year pro rata.

The rate of annual leave will be based on a full time contract of 10 PAs. Additional PAs above 10 PAs will not accrue additional entitlements to annual leave over and above the full time allocation. For consultants working part-time, the full time entitlement will be pro-rated in accordance with the contracted PAs.

#### Study Leave

Professional and Study leave includes but is not restricted to participation in:

- Study, usually but not exclusively or necessarily on a course or programme;
- Research
- Teaching
- Examining or taking examinations
- Visiting clinics and attending professional conferences
- Training

The appointee will be entitled to 30 days of Study/Professional Leave across a 3 year fixed period with a set budget.

#### Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the Department could be incorporated in the methodological and practical stages.

#### Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role; the Trust has a fully staffedAudit Department at both Hospitals with extremely well-organised teams.

### Appraisal, Revalidation and Mentorship

- The Trust has the required arrangements in place, to ensure that all Doctors have an annual
  appraisal with a trained appraiser and supports all Doctors going through the revalidation
  process.
- A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust in, as agreed withthe LNC (for example, the approval and funding of study leave). An annual job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are

- set up on the Equiniti revalidation system; we will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.

#### Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged forfamily accommodation.

#### Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organisesocial events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff.

#### **Staff Benefits**

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

#### **Health & Safety**

As an employee of the Trust you have a responsibility to:

- take reasonable care of your own Health and Safety and that of any other personwho may be affected by your acts or omissions at work; and ensuring a COVID secure workplace for the team.
- co-operate with the Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to; and
- not intentionally or recklessly interfere with or misuse anything provided in theinterests of health and safety.

#### Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breachof infection control policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself; and
- be aware of infection prevention and control policies, practices and guidelines appropriate for your duties and you must follow these at all times to maintain a safeenvironment for patients, visitors and staff; and
- maintain an up to date knowledge of infection prevention and control, policies, practices and procedures through attendance at annual mandatory updates andongoing continuing professional development; and
- challenge poor infection prevention and control practices of others and to reportany breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

#### Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that allinformation is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

Confidentiality and Security - Your attention is drawn to the confidential nature of information
collected within the NHS. Whilst you are employed by the Trust you will come into contact with
confidential information and data relating to the work of the Trust, its patients or employees.
You are bound by your conditions of service to respect the confidentiality of any information you

may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.

- Disclosure of Information The unauthorised use or disclosure of information relating to the
  Trust's activities or affairs, the treatment of patients or the personal details of an employee, will
  normally be considered a serious disciplinary offence which could result in dismissal. Upon
  leaving the Trust's employment and at any time thereafter you must not take advantage of or
  disclose confidential information that you learnt in the course of your employment.
  Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you
  are found to have permitted the unauthorised disclosure of any such information, you and the
  Trust may face legal action.
- Information Quality and Records Management You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

#### Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:

- participate in statutory and mandatory training as appropriate for the post; and
- maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct; and
- take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates; and
- participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the NHS Knowledge and Skills Framework outline for the post.

#### Safeguarding Children and Vulnerable Adults

We all have a personal and a professional responsibility within the Trust to identify and reportabuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the

relevant authorities. The Sharing of Information no matter how small is of prime importance insafeguarding children, young people and vulnerable adults.

As an employee of the Trust you have a responsibility to ensure that:

- you are familiar with and adhere to the Trust's Safeguarding Children procedures and guidelines.
- you attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to your role.

#### Social Responsibility

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills and our engagement with the local community so that we canmake a positive contribution to society. As an employee of the Trust you have a responsibility to take measures to support our contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport and waste.

| Develops practice in response to changing population heal<br>need, engaging in horizon scanning for future developments.  |          |  |
|   |          |  |

# PATIENT SAFETY & QUALITY IMPROVEMENT

| CRITERIA   | ESSENTIAL   | DESIRABLE |
|--|-------------|-----------|
| <ul> <li>Takes prompt action where there is an issue with the safety or quality of patient care, raises and escalates concerns, through clinical governance systems, where necessary.</li> <li>Demonstrates understanding of the basic principles of audit, clinical risk management, evidence-based practice, patient safety and clinical quality improvement initiatives</li> <li>Applies basic human factors principles and practice at individual, team, organisation, and system levels.</li> <li>Collaborates with multidisciplinary and interprofessional teams to manage risk and issues across organisations and settings, with respect for and recognition of the roles of other health professionals.</li> <li>Advocates for, and contributes to, organisational learning.</li> <li>Reflects on personal behaviour and practice, responding to</li> </ul> | ✓<br>✓<br>✓ |           |

## SAFEGUARDING VULNERABLE GROUPS

| CRITERIA | ESSENTIAL | DESIRABLE |
|----------|-----------|-----------|
|----------|-----------|-----------|

| <ul> <li>Recognises and takes responsibility for safeguarding children,<br/>young people, and adults, using appropriate systems for<br/>identifying, sharing information, recording and raising<br/>concerns, obtaining advice and taking action.</li> </ul> | ✓ |  |
|--|---|--|
| <ul> <li>Applies appropriate equality and diversity legislation,<br/>including disability discrimination requirements, in the<br/>context of patient care.</li> </ul>  | ✓ |  |

### **EDUCATION & TRAINING**

| CRITERIA   | ESSENTIAL | DESIRABLE |
|--|-----------|-----------|
| <ul> <li>Critically assesses own learning needs and ensures a personal<br/>development plan reflects both clinical practice and relevant<br/>generic capabilities.</li> </ul>  | <b>√</b>  |           |
| <ul> <li>Promotes and participates in individual and team learning;<br/>supporting the educational needs of individuals and teams<br/>for uni-professional, multidisciplinary and interprofessional<br/>learning.</li> </ul> | <b>√</b>  |           |
| <ul> <li>Identifies and creates safe and supportive working and<br/>learning environments.</li> </ul>  | <b>✓</b>  |           |
| Takes part in patient education.   | <b>√</b>  |           |

### **RESEARCH & SCHOLARSHIP**

| CRITERIA   | ESSENTIAL | DESIRABLE |
|--|-----------|-----------|
| <ul> <li>Keeps up to date with current research and best practice in<br/>the individual's specific area of practice, through appropriate<br/>continuing professional development activities and their own<br/>independent study and reflection.</li> </ul> | <b>√</b>  |           |
| <ul> <li>Critically appraises and understands the relevance of the<br/>literature, conducting literature searches and reviews;<br/>disseminates best practice including from quality<br/>improvement projects.</li> </ul>                                  | <b>✓</b>  |           |
| <ul> <li>Communicates and interprets research evidence in a<br/>meaningful way for patients to support shared decision-<br/>making.</li> </ul>   | ✓         |           |
| <ul> <li>Works towards identifying the need for further research to<br/>strengthen the evidence base or where there are gaps in<br/>knowledge, networking with teams within and outside the<br/>organisation</li> </ul>                                    | <b>√</b>  |           |
| Locates and uses clinical guidelines appropriately.  | <b>√</b>  |           |

# **OUR VISION AND VALUES**

The Shrewsbury and Telford Hospital NHS Trust is an organisationthat strives to provide high quality, safe care for our patients in anenvironment which our staff are proud to work in

# **Our Vision:**

"To provide excellent care for the communities we serve"

# Our Values:

# **OUR VISION**

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

# **OUR VALUES**

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within theorganisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective and personalised, so the feelings behind the Valuesshouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour. Ultimately, if we follow ourValues, we will provide services that are better for our patients and better for each other.
