

The Shrewsbury and  
Telford Hospital  
NHS Trust

# SPECIALTY DOCTOR IN ANAESTHETICS & INTENSIVE CARE

INFORMATION FOR CANDIDATES

# Our Vision and Values

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

## Our Vision:

“To provide excellent care for the communities we serve”

## Our Values:

## About our Vision

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

## About our Values

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour.

## About the Trust & Hospital Transformation Programme

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east. The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are the Princess Royal Hospital (PRH) in Telford and the Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes' drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at the Wrekin Community Clinic, Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ over 7000 staff, and hundreds of staff and students from other organisations also work in our hospitals. At The Shrewsbury and Telford Hospital NHS Trust (SaTH), there are around 300 volunteers who support patients, their families and colleagues. That net is cast even wider if you include the many charities and organisations whose volunteers also support the Trust including the Lingen Davies Cancer Appeal which is based at the Royal Shrewsbury Hospital.

Our priority is to deliver the best possible diagnostic facilities and high-quality clinical care in a clean, supportive setting. We are committed to ensuring every patient receives effective treatment with respect and dignity.

As part of our long-term vision, to enhance patient care and service delivery, selected services will be either relocating or moving to a cross-site model in 2028. The changes will further bring together our specialist services into a purpose built, modern environment designed to enhance patient care and provide improved working experience for our teams.

As we are currently actively recruiting to roles across services that will be relocating or changing the way the service is delivered, we want to be transparent with all applicants and advise that successful candidates will be expected to move with the service to the Royal Shrewsbury Hospital when the relocation takes place, in early 2028, or move to a cross-site working model.

The relocation will be managed through a formal management of change process, with full consultation and support provided to colleagues throughout the process. An overview of the services that are moving are included on page five of the job pack.

# Overview of Changes

## Royal Shrewsbury Hospital will specialise in Emergency Care:

- Emergency Department
- Urgent Treatment Centre
- Critical Care Unit
- Consultant-led Maternity Care
- Children's Inpatient Services
- Emergency and Trauma Surgery with complex, planned and children's surgery
- Emergency Medicine, including Cardiology, Stroke, Respiratory, and Acute Medicine
- Consultant Neonatal Services
- Radiotherapy and inpatient and day Cancer Care and Treatment

## The Princess Royal Hospital will specialise in Planned Care:

- Diagnostic Endoscopy
- Vibrant planned care site planned inpatient surgery with medical and surgical inpatients on a planned pathway of care.
- Adult and Child outpatients
- Day case surgery centre
- Midwife led unit
- 24/7 urgent treatment service, which would enable 65% patients who would have attended the traditional accident and emergency medicine department to be seen at PRH
- Dedicated procedure suite for local anaesthetics
- Enhanced rehab facilities and new therapy led wards
- Respiratory diagnostic and treatment centre
- Cancer treatment day unit

# Main Duties and Responsibilities

## Clinical And Educational

- Undertake theatre sessions and ITU/HDU sessions with accompanying consultants
- To take part in the 2<sup>nd</sup> on call rota managing ITU/HDU and supervising the resident doctor in theatres
- To provide support to the novice resident doctors and medical students and actively contribute to training and continuity of service
- To develop enhanced clinical skills, especially in the assessment and management of acutely ill patients.
- To have excellent team-working skills with the abilities and professional attitude to work well in a multi-professional team.
- To deliver clinical and quality targets agreed both nationally and locally with clinical teams and commissioners.
- To follow patients throughout their clinical pathways.

## Organisational

- To work with local managers and professional colleagues in the employing Trust in the efficient running of the service.
- To be subject to the provisions of the Terms and Conditions of Service, be required to observe the Trust's agreed policies and procedures, drawn up in consultation with the profession on clinical matters and to follow the local and national employment and personnel policies and procedures.
- To participate in the Continuous Professional Development and the Trust's appraisal scheme.
- To be aware of the responsibility of all employees to maintain a safe and healthy environment for patients, visitors and staff and attend all relevant health and safety training.
- Ensure that all Trust-wide standards are maintained to improve the quality of total care to all who come into contact with services provided by Shrewsbury and Telford hospital NHS Trust.

This job description is not intended to be exhaustive. The post holder will be expected to carry out any reasonable duties requested of them, appropriate to the grade and role of the post. Duties and responsibilities may vary from time to time in light of changing circumstances and in consultation with the post holder.

## Job Description

<b>Job Title:</b>	Specialty Doctor in Anaesthesia and Intensive Care
<b>Grade:</b>	Specialty Doctor
<b>Division:</b>	Surgery, Anaesthetics & Cancer
<b>Responsible to:</b>	Divisional Medical Director
<b>Professionally Accountable to:</b>	Medical Director
<b>Hours:</b>	Full-time (10PAs) – Part time candidates will be considered
<b>Duration:</b>	Permanent
<b>Salary:</b>	£63,696 - £102,689 Per Annum [MC75]

## Job Summary

The Shrewsbury and Telford Hospitals NHS Trust is looking for a permanent Specialty Doctor in Anaesthetics and Intensive Care who will be based at either the Princess Royal Hospital (PRH), Telford or the Royal Shrewsbury Hospital (RSH) for the on-call element of the role but with responsibilities across both hospitals' sites (Princess Royal Hospital Telford and Royal Shrewsbury Hospital) during normal working hours.

Duties will principally involve supported cover of elective theatre sessions, an on-call commitment to the Intensive Care Unit and occasional daytime work in emergency theatres/ obstetric theatres and delivery suite.

Contribution to an out of hours on call rota is core to this role.

# The Post

## The Department

The Princess Royal Hospital currently has 11 physical bed spaces across Critical Care that can be used flexibly to accommodate level 2 and level 3 patients to a dependency of 6.0. The Royal Shrewsbury Hospital has 14 physical Critical Care beds. These can be used flexibly to accommodate level 2 and level 3 patients to a dependency of 8.0. Both hospitals have easier access to the other's Critical Care beds if there are speciality needs (e.g. colorectal or ENT). There is hospital specific Consultant cover both day and night.

The Princess Royal Hospital has 8 operating theatres which provide orthopaedic, ENT, Maxillo-facial, breast, gynaecological and paediatric surgery. There are also 2 operating theatres within the Womens and Childrens department and anaesthetic cover is provided for caesarean section lists Monday-Friday. The Royal Shrewsbury Hospital has 9 operating theatres close to the Critical Care unit. The majority of the theatre workload is general, colorectal, upper GI/Bariatric, urological, vascular, trauma orthopaedic surgery and ophthalmic surgery. CEPOD theatre activity is high with Shrewsbury being the 6<sup>th</sup> busiest acute surgical unit in England (GIRFT data).

Work is varied with both emergency and elective activity and we are the busiest centre for emergency laparotomies in the West Midlands. Our cross-site department is flexible, inclusive and friendly, and we value family life; recognising the balance that we need to strike between work and home. We have a progressive, inclusive and dedicated team with representatives that work at a National level on the board of the Intensive Care Society and the Association of Anaesthetists.

## Why Join SaTH?

This is an exciting opportunity to join a progressive and supportive Anaesthesia and Intensive Care Department at a time of significant service transformation and investment.

The successful candidate will join a friendly and inclusive team committed to delivering high quality patient care, education, quality improvement and service development. The department actively supports professional development and encourages Specialty Doctors to develop additional clinical interests and leadership skills.

The post offers a varied case mix across elective and emergency work together with opportunities to gain experience in critical care medicine and perioperative care.

## Professional Development

The Trust is committed to supporting the professional development of Specialty Doctors. Opportunities exist to participate in:

- Continuing Professional Development (CPD)
- Quality Improvement and Audit projects
- Undergraduate and postgraduate education
- Clinical governance activities
- Service development initiatives
- Leadership and management development programmes

The department supports doctors wishing to develop specialist interests and those working towards portfolio development, CESR/Portfolio Pathway applications, or progression within the SAS career structure.

## Department Structure

The Department of Anaesthesia and Critical Care provides services across both the Royal Shrewsbury Hospital and Princess Royal Hospital sites. The department delivers anaesthetic services to a wide range of surgical specialties and provides comprehensive critical care services across both hospitals.

The department comprises Consultant Anaesthetists, Specialty Doctors, Resident Doctors in Training, Advanced Clinical Practitioners, Anaesthetic Associates and a dedicated multidisciplinary critical care team. The department has a strong reputation for education, training and quality improvement and supports undergraduate medical students, postgraduate trainees and members of the wider multidisciplinary workforce.

## Department Workforce

The department benefits from a substantial multidisciplinary workforce comprising Consultant Anaesthetists, Specialty Doctors, Resident Doctors, Anaesthetic Associates, Advanced Clinical Practitioners, specialist nursing staff and allied health professionals. This team-based approach supports safe, high-quality patient care across both hospital sites.

### Consultants

### Areas of Special Interest

Dr Omu Davies	Interest in Intensive care, Clinical Governance Lead
Dr Shelly Jurai	Clinical Director for Anaesthesia, Paediatric Anaesthesia, Head and Neck
Dr Saiprasad Annadurai	Lead for paediatric anaesthesia and Hub Lead, Head and Neck anaesthesia
Dr Gauri Dashputre	Pre-op assessment, Head and Neck, Difficult Airway
Dr Asis Behura	General anaesthesia, Lead for preoperative assessment
Dr Rajesh Shivanna	Lead for Enhanced Recovery Pathway, Interest in Orthopaedics and Paediatrics
Dr Vivek Eli	College Tutor, General and Obstetric anaesthesia, Head and Neck
Dr Sudheer Jillella	Paediatric Anaesthesia and Head and Neck
Dr Kumar Kada	Educational Supervisor for Foundation trainees, General and Obstetric Anaesthesia
Dr Edwin Borman	Preoperative Assessment and General Anaesthesia
Dr James Moon	Intensive care and CPEX
Dr Fiona Jutsum	TPD for Foundation trainees, Interest in Intensive care and vascular anaesthesia
Dr Mike Dixon	Interest in Intensive Care and vascular anaesthesia, CESR Lead
Dr Chris Mowatt	Clinical Director for Intensive Care, Elected board member of the Association of Anaesthetists
Dr Ashley Miller	Interest in Intensive Care, Trust lead for organ donation, Elected ICS council member, Chair of CUSIC committee, Co-chair of FUSIC committee

Dr Rob Law	General Anaesthesia and CPEX
Dr Stuart Booth	Interest in Intensive Care and ITU Governance
Dr Lorien Branfield	Obstetric anaesthesia, Human Factors, medical education and simulation
Dr Gordon Kulemaka	IT Clinical Lead, Interest in colorectal anaesthesia
Dr Karuna Ferdinand	Interest in Vascular and Paediatric anaesthesia, Clinical Governance Lead
Dr Simon Leach	Lead for pre-op assessment and Interest in colorectal anaesthesia
Dr Paul Jones	Keele University Tutor, Colorectal Anaesthesia
Dr Robin Hollands	Orthopaedic Trauma Lead
Dr Louise Sykes	Interest in bariatric and colorectal anaesthesia
Dr Chris De Klerk	Clinical Director for Anaesthesia, Vascular Anaesthesia, Trust Lead for Sedation
Dr Andreas Zafiropoulos	College Tutor, Interest in Vascular Anaesthesia and pre op assessment
Dr Szilvia Bertok	Interest in colorectal, max-fax and ENT
Dr Sam Liu	Pre-op Assessment, Robotic Surgery Lead
Dr Nikki Faulkner	Intensive Care

Other staff members of the Anaesthetic Department are:

Associate Specialist	2.0 WTE
Specialist Doctors	12.0 WTE
Locally Employed Doctors	9.0 WTE
Speciality Doctors	9.0 WTE
Full time secretaries	2.5 WTE

Specialist Core Trainees - on rotation from Stoke-on-Trent School of Anaesthesia - 10 WTE

Specialist trainees - a rotation exists between Shrewsbury, Telford, and Wolverhampton - 7 WTE

A well-established outreach critical care team – 1 WTE

## Teaching and Training

The department has a strong educational ethos and is actively involved in undergraduate and postgraduate medical education. Specialty Doctors are encouraged to participate in teaching medical students, resident doctors and members of the wider multidisciplinary team.

## CESR and Career Development Support

The department is supportive of doctors wishing to pursue CESR/Portfolio Pathway accreditation and career progression within the SAS grade structure. Opportunities exist to develop evidence across the domains required for professional advancement through clinical practice, teaching, leadership, quality improvement and service development activities.

## Clinical Interests and Service Development

The successful candidate will have opportunities to contribute to service improvement initiatives and to develop clinical interests aligned with departmental needs. The department actively encourages participation in audit, quality improvement, governance, education and leadership activities.

## Job Plan

A formal job plan will be agreed between the successful candidate and their Clinical Director, on behalf of the Medical Director within 3 months of starting in post. A full-time job plan is based on a 10 PA working week. The job plan will be reviewed annually and is a prospective agreement that sets out the doctor's duties, responsibilities, and objectives for the coming year. It covers all aspects of a doctor's professional practice including clinical work, teaching, research, education and managerial responsibilities. It will provide a clear schedule of commitments, both internal and external and will include personal objectives, detailing links to wider service improvements and trust strategic priorities.

For a full-time contract, the job plan will be divided on average per week (pro-rata for a part time post) as:

- 9 Programmed Activities (PAs) of Direct Clinical Care - includes clinical activity, clinically related activity and predictable and unpredictable emergency work.
- 1 Supporting Professional Activities (SPAs) - includes CPD, audit, teaching and research.

The allocation of PAs is reviewed and may be subject to adjustment when a further diary exercise is undertaken or if the service demands a review of the team job plan.

Any applicant who is unable, for personal reasons, to work full-time will be eligible to be considered for the post. If such a person is appointed, modification of the job content will be discussed on a personal basis with the Trust in consultation with departmental colleagues.

## Rota Duties

The post-holder will be expected to contribute to the 1in8 full-shift rota. The rota is compliant with the terms and conditions of the 2016 Junior Doctor Contract, 2021 Specialty Doctor Contract and WTD and has been carefully designed to maximise training opportunities for doctors whilst maintaining a safe and efficient service, with an even spread of long days and nights. The post holder will be 1 of the 8 doctors contributing to the full shift rota with a weekend frequency of 1:4 with 7-night shifts across an 8-week reference period and is prospectively covered for annual and study leave.

## Timetable

The following generic job plan is a snapshot of the clinical activity and clinically related activity components of the appointee's standard working week in line with the 1in8 full shift rota above.

### **EXAMPLE TIMETABLE**

Week	Mon	Tue	Wed	Thu	Fri	Sat	Sun
1	8:00 – 18:00		20:00 – 24:00	00:00 – 08:30 20:00 – 24:00	00:00 – 08:30

8	8:00 – 18:00	8:00 – 13:00	8:00 – 20:30	8:00 – 20:30			

This timetable is indicative only and the subject to staffing changes.

# General Conditions

## Annual Leave

Doctors upon first appointment to the Specialty Doctor grade shall be entitled to annual leave at the rate of 27 days a year.

Doctors who have completed a minimum of two years' service in the Specialty Doctor grade and/or in equivalent grades or who had an entitlement to 32 days of annual leave a year or more in their immediately previous appointments shall be entitled to annual leave at the rate of 32 days per year.

Doctors who have completed a minimum of seven years' service in the Specialty Doctor grade and/or equivalent grades shall receive an additional day of annual leave and shall be entitled to annual leave at the rate of 33 days per year.

## Study and Professional Leave

Professional and Study leave includes but is not restricted to participation in:

- Study, usually but not exclusively or necessarily on a course or programme;
- Research
- Teaching
- Examining or taking examinations
- Visiting clinics and attending professional conferences
- Training

The appointee will be entitled to 30 days of Study/Professional Leave across a 3-year fixed period with a set budget.

## Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the department could be incorporated in the methodological and practical stages.

## Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role. The Trust has a fully staffed Audit Department at both hospitals with extremely well-organised teams.

## Appraisal, Revalidation and Mentorship

- The Trust has the required arrangements in place, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.
- The Trust supports the provision of mentors for newly appointed Specialty Doctors, in line with GMC recommendations. This will be provided within the Trust.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Premier IT Revalidation e-Portfolio (PReP) Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.
- A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust, as agreed with the LNC (for example, the approval and funding of study leave). An annual job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.

- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Equiniti Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.

## Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged for family accommodation.

## Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organise social events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff

## Office and Secretarial Support

The post holder will have full-time secretarial support with an adequately equipped office that will include a computer with access to Trust IT facilities.

## Staff Benefits

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

## Health & Safety

As an employee of the Trust you have a responsibility to:

- Take reasonable care of your own health and safety and that of any other person who may be affected by your acts or omissions at work, and ensuring a COVID secure workplace for the team.
- Co-operate with the Trust in ensuring that Statutory Regulations, Codes of Practice, Local Policies and Departmental Health and Safety Rules are adhered to.
- To not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

## Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of Infection Control Policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- Ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself.
- Be aware of Infection Prevention and Control Policies, Practices and Guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff.
- Maintain an up-to-date knowledge of Infection Prevention and Control, Policies, Practices and Procedures through attendance at annual mandatory updates and ongoing continuing professional development.
- Challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

## Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- Confidentiality and Security - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- Disclosure of Information - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.
- Information Quality and Records Management - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

## Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:

- Participate in statutory and mandatory training as appropriate for the post.
- Maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct.
- Take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates.
- Participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the NHS Knowledge and Skills Framework outline for the post.

## Safeguarding Children and Vulnerable Adults

We all have a personal and a professional responsibility within the Trust to identify and report abuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the relevant authorities. The Sharing of Information no matter how small is of prime importance in safeguarding children, young people and vulnerable adults.

As an employee of the Trust, you have a responsibility to ensure that:

- You are familiar with and adhere to the Trust's Safeguarding Children Procedures and Guidelines.
- You attend Safeguarding Awareness Training and undertake any additional training in relation to safeguarding relevant to your role.

## Social Responsibility

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust, you have a responsibility to take measures to support our

contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport, and waste.

## Continuous Improvement

The Shrewsbury and Telford Hospital NHS Trust is committed to creating a culture that puts Continuous Improvement at the forefront of our transformational journey and our aim is to empower colleagues at all levels have the confidence, capability, passion, and knowledge, to test changes and make improvements at SaTH and in the communities we serve.

Following a successful five-year partnership with the Virginia Mason Institute in the USA, SaTH continues to further develop and embed the Trust's approach to Continuous Improvement at all levels of the organisation. You will be supported by an Improvement Hub, which will provide the necessary expertise to support you make improvements, while also providing training at various stages of your time at SaTH, as part of your continuing professional development.

## No Smoking Policy

There is a no smoking policy in operation within the Trust. Smoking within the Trust's premises or within the Trust's grounds is not permitted.

## Miscellaneous

This job description is an outline of the key tasks and responsibilities of the post and is not intended to be an exhaustive list. The job may change over time to reflect the changing needs of the Trust and its services as well as the personal development.

## Person Specification
