

The Shrewsbury and
Telford Hospital
NHS Trust

Teaching Fellow in Anaesthetics (ST1-2, ST3+)

INFORMATION FOR CANDIDATES

Our Vision and Values

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

About our Vision

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

About our Values

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour.

Keele University

About the Trust & Hospital Transformation Programme

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east. The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are the Princess Royal Hospital (PRH) in Telford and the Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes' drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at the Wrekin Community Clinic, Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ over 7000 staff, and hundreds of staff and students from other organisations also work in our hospitals. At The Shrewsbury and Telford Hospital NHS Trust (SaTH), there are around 300 volunteers who support patients, their families and colleagues. That net is cast even wider if you include the many charities and organisations whose volunteers also support the Trust including the Lingen Davies Cancer Appeal which is based at the Royal Shrewsbury Hospital.

Our priority is to deliver the best possible diagnostic facilities and high-quality clinical care in a clean, supportive setting. We are committed to ensuring every patient receives effective treatment with respect and dignity.

As part of our long-term vision, to enhance patient care and service delivery, selected services will be either relocating or moving to a cross-site model in 2028. The changes will further bring together our specialist services into a purpose built, modern environment designed to enhance patient care and provide improved working experience for our teams.

As we are currently actively recruiting to roles across services that will be relocating or changing the way the service is delivered, we want to be transparent with all applicants and advise that successful candidates will be expected to move with the service to the Royal Shrewsbury Hospital when the relocation takes place, in early 2028, or move to a cross-site working model.

The relocation will be managed through a formal management of change process, with full consultation and support provided to colleagues throughout the process. An overview of the services that are moving are included on page five of the job pack.

Overview of Changes

Royal Shrewsbury Hospital will specialise in Emergency Care:

- Emergency Department
- Urgent Treatment Centre
- Critical Care Unit
- Consultant-led Maternity Care
- Children's Inpatient Services
- Emergency and Trauma Surgery with complex, planned and children's surgery
- Emergency Medicine, including Cardiology, Stroke, Respiratory, and Acute Medicine
- Consultant Neonatal Services
- Radiotherapy and inpatient and day Cancer Care and Treatment

The Princess Royal Hospital will specialise in Planned Care:

- Diagnostic Endoscopy
- Vibrant planned care site planned inpatient surgery with medical and surgical inpatients on a planned pathway of care.
- Adult and Child outpatients
- Day case surgery centre
- Midwife led unit
- 24/7 urgent treatment service, which would enable 65% patients who would have attended the traditional accident and emergency medicine department to be seen at PRH
- Dedicated procedure suite for local anaesthetics
- Enhanced rehab facilities and new therapy led wards
- Respiratory diagnostic and treatment centre
- Cancer treatment day unit

Main Duties & Responsibilities

Teaching

- Deliver teaching to medical students in a variety of clinical settings (wards, ITU, theatres, outpatient clinics, assessment units) and non-clinical settings (seminar rooms, classrooms, clinical skills laboratories, lecture theatres)
- Contribute to the clinical and communication skills teaching across the curriculum, in collaboration with the Clinical Skills Lead and wider staff
- Teach both Year 4 and Year 5 students, tailoring delivery to their stage of training.
- Support and organisation of clinical skills training and critical care programme
- Coordinate medical student activities, liaising with clinical teachers, practice educator teams, and administrative staff
- Contribute to curriculum evaluation and development, ensuring high-quality teaching delivery
- Participate in student assessments, including mini-CEX, Direct Observation of Procedures (DOPs), case-based discussions, and OSCE examinations
- Undertake formal study in medical education to enhance teaching practice
- Maintain and develop clinical skills
- Engage fully with the Year 5 weekly teaching programme
- Provide cover for bedside teaching sessions when required
- To be responsible for managing and prioritising own workload and working flexibly within the team, to seek/respond to requests for support, advice and guidance to ensure team objectives are met

Personal Development & Performance

- Attend relevant staff development workshops to ensure readiness for teaching activities, including the Certificate in Medical Education (or equivalent). For those already holding a Certificate in Medical Education, progression to a Master's in Medical Education will be encouraged
- Contribute to audit projects and/or research initiatives to support continuous improvement and innovation
- Undertake training in, and actively participate in, OSCE examinations
- Engage fully in staff development programmes to enhance professional skills and knowledge
- Participate in regular appraisal processes to support career progression and performance review
- Work flexibly, adapting to the clinical requirements and demands of the post
- Demonstrate sensitivity and professionalism, ensuring that concerns raised by students and colleagues are addressed with empathy and respect
- Travel between Trust sites as required, attending relevant staff, professional, and corporate meetings
- Take every opportunity to maintain and enhance personal and professional competence
- Undergo appraisal in line with Trust and University policies
- Contribute to personal objective setting, job planning, and review, including the creation and ongoing development of a personal development plan.

Organisational

- To work with local managers and professional colleagues in the employing Trust in the efficient running of the service.

- To be subject to the provisions of the Terms and Conditions of Service, be required to observe the Trust's agreed policies and procedures, drawn up in consultation with the profession on clinical matters and to follow the local and national employment and personnel policies and procedures.
- To participate in the Continuous Professional Development and the Trust's appraisal scheme.
- To be aware of the responsibility of all employees to maintain a safe and healthy environment for patients, visitors and staff and attend all relevant health and safety training.
- Ensure that all Trust-wide standards are maintained to improve the quality of total care to all who come into contact with services provided by Shrewsbury and Telford hospital NHS Trust.

This job description is not intended to be exhaustive. The post holder will be expected to carry out any reasonable duties requested of them, appropriate to the grade and role of the post. Duties and responsibilities may vary from time to time in light of changing circumstances and in consultation with the post holder.

Job Description

Job Title:	Teaching Fellow in Anaesthetics
Grade:	ST1-2, ST3+ Equivalent
Division:	Medical Education
Responsible to:	Hospital Dean (Academic) Medical Director (Clinical)
Professionally Accountable to:	Medical Director
Hours:	40 hours per week (20% clinical and 80% academic)
Duration:	12 Months Fixed Term Contract (until August 2027)
Salary:	£52,656 - £73,992 per annum [Nodal Point MT03 – MT05]

Job Summary

The Shrewsbury and Telford Hospital NHS Trust are seeking Teaching Fellows in Anaesthetics to support undergraduate teaching across a range of clinical and non-clinical settings over a 12-month fixed term contract based at The Royal Shrewsbury Hospital. The post also attracts an on call commitment of 1 in 16.

The successful applicant will take part in various modes of assessment and appraisal. The post-holder will also have a significant role in the delivery of the new curricular components of Year 5 of the Keele University Medical School Curriculum. The post holder will support teaching in the “year spine” component of the fourth year of the curriculum, including ethics, drug administration and pain management. The curriculum is in a continuous process of development, presenting other opportunities for training and participation in other

varied teaching activities. These include problem-based learning, clinical and communication skills tuition, and use of advanced medical simulation (via use of SimMan 3G). Post holders will receive formal training in advanced medical simulation.

Successful applicants will be enrolled in the Keele University Teacher the Teachers Course and will be funded to study for the Keele Post Graduate Certificate of Medical Education. Consideration will also be given for funding of other relevant educational courses.

The post is expected to commence on 6th August 2026.

This vacancy may close earlier than the advertised deadline should we receive a high volume of applications. Therefore, early submission is strongly recommended.

For an informal discussion, further details or to arrange a visit please contact Dr Patricia Cowley, Hospital Deputy Dean via Hannah Fraser, Undergraduate Manager on 01743 492 514 or hannah.fraser5@nhs.net.

The Post

The Department

The successful applicant will be allocated one clinical day per week within the Anaesthetics department, subject to approval of the Hospital Dean and Clinical Supervisor.

The timetable is designed to be flexible, supporting the continued development of Anaesthetic skills, and every effort will be made to align clinical sessions with the teaching fellow's individual preferences.

In addition, the successful applicant will be eligible for funding to attend clinical training courses and will receive study leave and annual leave entitlements equivalent to those of a full-time training post.

Undergraduate Medical Course

In September 2003, Keele University commenced teaching a full 5-year undergraduate medical course. This course was validated by the University of Manchester and was delivered in collaboration with the University Hospital of North Staffordshire NHS Trust and, from 2007, with this hospital Trust. From 2011-2012 the School of Medicine has been delivering all five years of its own, independent 5-year medical course which will continue to be delivered in partnership with NHS Trusts in Staffordshire and Shropshire.

The curriculum utilises problem-based learning (PBL) and Case illustrated learning (CIL) as major learning methods, in conjunction with a range of teaching and learning methods. In Year 4 students complete blocks of teaching rotating through each of the 5 units. In Year 5 students complete two 10 week blocks in secondary care, which includes placements in Medicine, Surgery (including AMU, SAU, ITU and Anaesthetics), Emergency Department and 10 weeks in Primary care.

For information on the new curriculum please consult our course brochure via the link at:

<https://www.keele.ac.uk/media/keeleuniversity/sas/qa/ugcourseinformationdocuments/2025-26/Course-Information-Documents-Medicine-MBChB-Single-Honours-2025-26-v1.2-FINAL.pdf>

Key Relationships

- Undergraduate medical students
- Hospital Dean and deputy
- Clinical Director
- Consultant staff
- Hospital Academic staff
- Clinical Practice Educator and instructors
- Year 4 and 5 academic leads
- Clinical and communications skills leads and administrator

- SaTH consultants with medical student responsibilities
- Undergraduate Manager
- Undergraduate admin staff
- Year 4 and 5 administrators
- Relevant clinical staff

General Conditions

Annual Leave

The annual leave entitlement for the post holder will reflect the terms and conditions of the 2016 Junior Doctor Contract for doctors and dentists in training. The annual leave year will run from the start date of the doctor's appointment. Based on a standard working week of five days:

- On first appointment to the NHS: 27 days
- After five years' completed NHS service: 32 days

As leave is deducted from the rota before average hours are calculated for pay purposes, leave may not be taken from shifts attracting an enhanced rate of pay or an allowance. Where a doctor wishes to take leave when rostered for such a shift or duty, the doctor must arrange to swap the shift or duty with another doctor on the same rota. It is the doctor's responsibility to arrange swaps but all reasonable steps to facilitate the arrangement of the swap will be made.

In addition to annual leave entitlement, the appointee will be entitled to 8 paid General Public Holidays. In the case of part time staff this entitlement is pro rata.

Study Leave

Study leave includes but is not restricted to participation in:

- Study
- Research
- Teaching
- Taking Examinations
- Attending conferences for educational benefit
- Rostered training events

The appointee will be entitled to 10 days of Study Leave over a fixed 12-month period with a set budget.

Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the department could be incorporated in the methodological and practical stages.

Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role. The Trust has a fully staffed Audit Department at both hospitals with extremely well-organised teams.

Appraisal, Revalidation and Mentorship

- The Trust has the required arrangements in place, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.
- The Trust supports the Royal College of Physicians Guidance on provision of mentors for new Consultants, in line with GMC recommendations. This will be provided within the Trust.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are set

up on the Premier IT Revalidation e-Portfolio (PReP) Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.

- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.
- A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust, as agreed with the LNC (for example, the approval and funding of study leave). An annual job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Equiniti Revalidation System. We will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.

Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged for family accommodation.

Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organise social events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff

Office and Secretarial Support

The post holder will have full-time secretarial support with an adequately equipped office that will include a computer with access to Trust IT facilities.

Staff Benefits

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

Health & Safety

As an employee of the Trust you have a responsibility to:

- Take reasonable care of your own health and safety and that of any other person who may be affected by your acts or omissions at work, and ensuring a COVID secure workplace for the team.
- Co-operate with the Trust in ensuring that Statutory Regulations, Codes of Practice, Local Policies and Departmental Health and Safety Rules are adhered to.
- To not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of Infection Control Policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- Ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself.

- Be aware of Infection Prevention and Control Policies, Practices and Guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff.
- Maintain an up-to-date knowledge of Infection Prevention and Control, Policies, Practices and Procedures through attendance at annual mandatory updates and ongoing continuing professional development.
- Challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- Confidentiality and Security - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- Disclosure of Information - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.
- Information Quality and Records Management - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:

- Participate in statutory and mandatory training as appropriate for the post.
- Maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct.
- Take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates.
- Participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the NHS Knowledge and Skills Framework outline for the post.

Safeguarding Children and Vulnerable Adults

We all have a personal and a professional responsibility within the Trust to identify and report abuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the relevant authorities. The Sharing of Information no matter how small is of prime importance in safeguarding children, young people and vulnerable adults.

As an employee of the Trust, you have a responsibility to ensure that:

- You are familiar with and adhere to the Trust's Safeguarding Children Procedures and Guidelines.
- You attend Safeguarding Awareness Training and undertake any additional training in relation to safeguarding relevant to your role.

Social Responsibility

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust, you have a responsibility to take measures to support our contribution and to reduce the environmental impact of our activities relating to energy and water usage, transport, and waste.

Continuous Improvement

The Shrewsbury and Telford Hospital NHS Trust is committed to creating a culture that puts Continuous Improvement at the forefront of our transformational journey and our aim is to empower colleagues at all levels have the confidence, capability, passion, and knowledge, to test changes and make improvements at SaTH and in the communities we serve.

Following a successful five-year partnership with the Virginia Mason Institute in the USA, SaTH continues to further develop and embed the Trust's approach to Continuous Improvement at all levels of the organisation. You will be supported by an Improvement Hub, which will provide the necessary expertise to support you make improvements, while also providing training at various stages of your time at SaTH, as part of your continuing professional development.

No Smoking Policy

There is a no smoking policy in operation within the Trust. Smoking within the Trust's premises or within the Trust's grounds is not permitted.

Miscellaneous

This job description is an outline of the key tasks and responsibilities of the post and is not intended to be an exhaustive list. The job may change over time to reflect the changing needs of the Trust and its services as well as the personal development.

Person Specification

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • MBBS, MBChB or equivalent medical qualification • Advanced Life Support (ALS) Training • Advanced Paediatric Life Support (APLS) Training • Registered practitioner with the Higher Education Academy (HEA) • A National Training Number (NTN) • An educational qualification 	✓	<ul style="list-style-type: none"> ✓ ✓ ✓ ✓ ✓

ENTRY CRITERIA

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Full Registration and a licence to practice with the General Medical Council (GMC) • 2 years NHS Anaesthetics experience completed by August 2026 • Evidence of an appreciation of the principles of adult learning and approaches used in medical education • Experience of teaching clinical students • Resus Council Instructor • Involvement with medical simulation 	<ul style="list-style-type: none"> ✓ ✓ ✓ ✓ 	<ul style="list-style-type: none"> ✓ ✓

GENERIC CAPABILITIES FRAMEWORK

Professional Values & Behaviours

ESSENTIAL CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Practises with the professional values and behaviours expected of all doctors as set out in GMC Good Medical Practice and the Generic Professional Capabilities Framework (or equivalent for dentists). • Demonstrates the underpinning subject-specific competences i.e., knowledge, skills and behaviours relevant to the role setting and scope. • Clinically evaluates and manages a patient, formulating a prioritised differential diagnosis, initiating an appropriate management plan, and reviewing and adjusting this depending on the outcomes of treatment. • Critically reflects on own competence, understands own limits, and seeks help when required. 	<ul style="list-style-type: none"> ✓ ✓ ✓ ✓ 	

<ul style="list-style-type: none"> Communicates effectively and able to share decision-making with patients, relatives and carers; treats patients as individuals, promoting a person-centred approach to their care, including self-management. 	✓	
<ul style="list-style-type: none"> Respects patients' dignity, ensures confidentiality and appropriate communication where potentially difficult or where barriers exist, e.g., using interpreters and making adjustments for patients with communication difficulties 	✓	
<ul style="list-style-type: none"> Demonstrates key generic clinical skills around the areas of consent; ensuring humane interventions, prescribing medicines safely and using medical devices safely. 	✓	
<ul style="list-style-type: none"> Adheres to professional requirements, participating in annual appraisal and reviews of performance and progression. 	✓	
<ul style="list-style-type: none"> Awareness of legal responsibilities relevant to the role, such as around mental capacity and deprivation of liberty; data protection; equality and diversity. 	✓	
<ul style="list-style-type: none"> Applies basic principles of public health; including population health, promoting health and wellbeing, work, nutrition, exercise, vaccination and illness prevention, as relevant to their specialty. 	✓	

Leadership & Team Working

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> Awareness of their leadership responsibilities as a clinician and demonstrates appropriate leadership behaviour; managing situations that are unfamiliar, complex, or unpredictable and seeking to build collaboration with, and confidence in, others. 	✓	
<ul style="list-style-type: none"> Demonstrates understanding of a range of leadership principles, approaches and techniques so can adapt leadership behaviours to improve engagement and outcomes – appreciates own leadership style and its impact on others. 	✓	
<ul style="list-style-type: none"> Develops effective relationships across teams and contributes to work and success of these teams – promotes and participates in both multidisciplinary and interprofessional team working. 	✓	
<ul style="list-style-type: none"> Critically reflects on decision-making processes and explains those decisions to others in an honest and transparent way. 	✓	
<ul style="list-style-type: none"> Demonstrates ability to challenge others, escalating concerns when necessary. 	✓	
<ul style="list-style-type: none"> Develops practice in response to changing population health need, engaging in horizon scanning for future developments. 	✓	

Patient Safety & Quality Improvement

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> Takes prompt action where there is an issue with the safety or quality of patient care, raises and escalates concerns, through clinical governance systems, where necessary. 	✓	

<ul style="list-style-type: none"> • Demonstrates understanding of the basic principles of audit, clinical risk management, evidence-based practice, patient safety and clinical quality improvement initiatives 	✓	
<ul style="list-style-type: none"> • Applies basic human factors principles and practice at individual, team, organisation, and system levels. 	✓	
<ul style="list-style-type: none"> • Collaborates with multidisciplinary and interprofessional teams to manage risk and issues across organisations and settings, with respect for and recognition of the roles of other health professionals. 	✓	
<ul style="list-style-type: none"> • Advocates for, and contributes to, organisational learning. 	✓	
<ul style="list-style-type: none"> • Reflects on personal behaviour and practice, responding to learning opportunities. 	✓	

Safeguarding Vulnerable Groups

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Recognises and takes responsibility for safeguarding children, young people, and adults, using appropriate systems for identifying, sharing information, recording and raising concerns, obtaining advice and taking action. 	✓	
<ul style="list-style-type: none"> • Applies appropriate equality and diversity legislation, including disability discrimination requirements, in the context of patient care. 	✓	

Education & Training

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Critically assesses own learning needs and ensures a personal development plan reflects both clinical practice and relevant generic capabilities. 	✓	
<ul style="list-style-type: none"> • Promotes and participates in individual and team learning; supporting the educational needs of individuals and teams for uni-professional, multidisciplinary and interprofessional learning. 	✓	
<ul style="list-style-type: none"> • Identifies and creates safe and supportive working and learning environments. 	✓	
<ul style="list-style-type: none"> • Takes part in patient education. 	✓	

Research & Scholarship

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Keeps up to date with current research and best practice in the individual's specific area of practice, through appropriate continuing professional development activities and their own independent study and reflection. 	✓	
<ul style="list-style-type: none"> • Critically appraises and understands the relevance of the literature, conducting literature searches and reviews; disseminates best practice 	✓	

including from quality improvement projects.		
• Communicates and interprets research evidence in a meaningful way for patients to support shared decision-making.	✓	
• Works towards identifying the need for further research to strengthen the evidence base or where there are gaps in knowledge, networking with teams within and outside the organisation	✓	
• Locates and uses clinical guidelines appropriately.	✓
