

Why join us?

We recognise that specialist practice thrives in an environment that prioritises learning, collaboration, and clinical innovation.

As part of our team, you will benefit from:

- Structured support and training in spinal cord injury rehabilitation
- Support to gain specialist tracheostomy competencies and ongoing development within this role
- Training and involvement in a newly established Fibreoptic Endoscopic Evaluation of Swallowing (FEES) service
- Regular clinical, peer and managerial supervision
- Access to a highly experienced voice team with regular supervision and MDT support
- Dedicated CPD opportunities and service-wide learning events
- Participation in multidisciplinary service development projects
- A strong commitment to staff wellbeing and professional growth

Whether you are already working at a specialist level or seeking your next step into a specialist role, this post provides an exceptional platform for clinical development and career progression.
